

CFSR PIP 2005

The OCFS Data Warehouse Team is pleased to announce that 2005 data has been added to the CFSR PIP Six National Indicators reports in the Data Warehouse. As part of the Child and Family Services Review (CFSR) process, the federal government established six data indicators for which there are national standards. In a continuing effort to support districts in the implementation of the State's CFSR PIP, the OCFS Data Warehouse maintains a report that replicates the six data indicators. For each indicator, data is provided on the national standard, New York's rate and a rate for each county. Drill-through reports provide child-level data with key pieces of information to permit reviewing other dynamics of the indicator on a case-by-case basis.

Access to these reports is through the OCFS Data Warehouse Cognos PowerPlay/Impromptu environment:

1. From the Welcome screen of the PowerPlay/Impromptu environment double-click on the **CFSR PIP** folder.
2. Double-click on the **Pre-Defined User Reports** folder to open it.
3. Double-click on the **2005** folder to open it.
4. Double-click on the **Six National Indicators 2005.imr** report to open it.
5. Click on the **OK** button to the message: "This report is locked by another user or is read only. A copy will be made."
6. If the **Cognos Common Logon** dialog box displays, enter your **User ID** and **Data Warehouse Password** and click the **Log On** button.

If you need assistance using the report, please contact the Data Warehouse Team at data.warehouse@ocfs.state.ny.us.
