Appendix M #1: Reasonable Distance, Family Share,

Federal and Local Priorities

I. Reasonable Distance for Public Assistance Recipients to Travel to Child Care and Work

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

Chemung County DSS defines reasonable distance as 22 miles between home or work with child care accessible along the way.

2. Describe any steps / consultations made to arrive at your definition:

Contacted the Chemung County Planning Board to determine the distance between county borders. Considered the location of major employers in Chemung County. Consulted the Chemung County Transit to determine the accessibility of bus routes throughout the county. Considered the location of licensed and regulated child care providers throughout the county.

II. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 1% to 10% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS) and the Child Care Time and Attendance (CCTA) system.

Family Share Percentage selected by the district:

10%

Additional Description of this Family Share Percentage:

III. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income (200% State Income Standard):

Rank 1

Rank 2

Rank 3

b. Families with income up to 200% of the State Income Standard who have a child with special needs and a need for child care:

Rank 1

Rank 2

Rank 3

c. Families with income up to 200% of the State Income Standard who are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED.**
- 2. Open cases based on **INCOME.**

If opening based on income...

- The district will open cases starting from the lowest income to the highest income.
- The district will open cases based on income bands, starting from the lowest income band to the highest income band.

If using income bands, list the bands, starting from the one that will be opened first:

- 3. Open cases based on **CATEGORY OF FAMILY.**
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY.**
- 5. Open cases based on **OTHER CRITERIA.**

II. Title XX Case Closings When Sufficient Funds Are Not Available

- The district **does not use** Title XX funds for child care assistance.
- The district **uses** Title XX funds for child care assistance (this option must be checked in Appendix N

and Appendix P must be completed).

If the district elects to use Title XX funds to provide child care assistance and the district does not have sufficient funds to continue to provide such assistance to all families in its current caseload, the district may decide to discontinue assistance. The district may establish priorities upon which the district will close cases if sufficient funds are not available. If no priorities are established and all funds are committed, case closings for families must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

- 1. Close cases based on **AMOUNT OF TIME** receiving child care services.
If closing based on amount of time...
 - The district will close cases starting from the shortest time receiving child care services to the longest time.
 - The district will close cases starting from the longest time receiving child care services to the shortest time.
 - 2. Close cases based on **INCOME**.
 - 3. Close cases based on **CATEGORY OF FAMILY**.
 - 4. Close cases based on **INCOME AND CATEGORY OF FAMILY**.
 - 5. Close cases based on **OTHER CRITERIA**.
-

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- Yes No

The district will establish a waiting list when there are not sufficient Title XX funds available to open new cases or keep all current cases open.

- Yes No

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Criteria:

- applicant is working off the books (currently or previously)
- current application is inconsistent with prior case information
- applicant has a prior history of denial, case closing or overpayment resulting from an investigation (ie: FEDS, Fraud)
- no absent parent information or information is inconsistent with prior application
- no documentation to verify the applicant's identity
- applicant cannot provide birth certificate for a child younger than 6 years of age
- applicant is self-employed but cannot provide adequate business records to support financial assertions
- documents or information provided is inconsistent with application
- PO box used as a mailing address without reasonable explanation
- applicant is unsure of own address
- child care provider lives in the same household as the child

Referral to district's FEDS unit are as follows:

The LDSS TANF eligibility worker or the Child Care Council's Subsidy Specialist identifies an application that meets one or more of the above criteria and completes a referral in the Special Investigation Unit (SIU) computer program within one business day of receipt of completed application and documentation. All referrals are tracked in the SIU program. All supporting documentation is provided to the SIU unit and entered into the SIU case file. The SIU unit conducts an investigation and notifies the LDSS TANF eligibility worker or the Child Care Council's Subsidy Specialist of the results of the investigation.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

Temporary Assistance cases are re-certified every 12 months and low income child care cases every 12 months. In both instances, verification of need for child care, including verification in employment, education, or other required activities must be provided. All cases are also reviewed throughout the certification period when changes are reported and verification affecting eligibility must be provided. The Child Care Subsidy Specialist will cross reference all hard copy billing attendance sheets received from child care programs with the billing attendance that is entered into the OCFS CCTA (Child Care Time and Attendance) system to verify the two match. If there are discrepancies with no rational reason then the case will be referred to the LDSS SIU Fraud Unit for investigation.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Chemung County contracts with the Chemung County Child Care Council to administer the Child Care Subsidy program. The Child Care Council is also the sponsor for the Child Adult Care Food Program (CACFP). The Child Care Council's Program Coordinator will conduct a review on a quarterly basis. The review will consist of at least 20 child care subsidy cases. The Council's Program Coordinator will compare child attendance forms for the subsidy program and the CACFP program and also the on-site monitoring forms completed by the Council's CACFP Specialist. The Council's Program Coordinator will look for any discrepancies in the days and hours the child is reported in care in each of the programs.

If there are any discrepancies in the days and hours being billed between each of the programs, the Council's Program Coordinator will review the subsidy file to compare the days and hours the parent was approved for child care to determine if there is a clear reason for any discrepancy. If the Council's Program Coordinator identifies discrepancies related to the child care subsidy billing a referral to the LDSS SIU Fraud Unit will take place.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- No.

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each** additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent / release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers / programs.

- Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject *(only applies to legally exempt relative-only family child care and relative only in-home child care)*
- Local criminal background check *(only applies to legally exempt relative-only family child care and relative only in-home child care)*
- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP) *(only applies to family child care programs)*
Note that districts are required to notify the Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider / person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.

b. The district will not apply this additional local standard when the **program's site of care is located outside** of the subsidy-paying district.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Provide the name of the unit and contact person:

Contracted agency
Provide the name of the agency and contact person:

Ruth Harvey, Executive Director; Lisa Brand-Contract Agency-Subsidy; Wendy DiBucci-Enrollment Agency-LE- Chemung County Child Care Council

4. Are there any fees or other costs associated with the additional local standard?

Yes

No

Note: Costs associated with the additional local standard cannot be passed on to the provider.

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met," or is "not applicable" and monitor its timeliness. Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

The Chemung County Child Care Council, acting as the District Contractor on behalf of Chemung County sends the Notification of Additional and Local Standard for local criminal background check to individuals on the list provided through the CCFS system. The Notification of Additional Local Standard for a local criminal background check informs the provider that the individuals in the roles specified in questions #2 above must sign the authorization, and, return the release to

the Enrollment Agency with the enrollment package. If any of the individuals identified in question #2 above refuse to sign the authorization, which would allow the Contract Agency, acting on behalf of Chemung County Department of Social Services, to arrange for the local criminal background check, the enrollment package will be considered incomplete. The enrollment process cannot move forward, and consequently, the enrollment package will be withdrawn by the enrollment agency.

To initiate the additional standard check, per 12-OCFS-LCM-01, the Child Care Facility System will automatically generate the E-Notice, LE-CCFS LD-003 Legally-Exempt Additional Standard Referral Notification, to inform the Contract Agency acting on behalf of Chemung County, that the additional standards check must be conducted. The Contract Agency, acting on behalf of Chemung County will run the CCFS report, LE Additional Local Standard Referral List to obtain the list of persons (as specified in questions #2 above) for whom Legally Exempt Additional Standard(s) Review(s) must be conducted and other pertinent information.

The Chemung County Child Care Council, acting as the District Contractor contacts the local Law Enforcement agency, the Chemung County Sheriff to arrange the local criminal background check. Once completed, the results of the criminal background check are returned to the designated person at Chemung County Child Care Council. If the search results in a conviction, the Chemung County Child Care Council, acting on behalf of Chemung County, will provide the conviction information to the Enrollment Agency. In accordance with the Guide to Enrollment, The EA will evaluate any discrepancies in the convictions(s) and the enrollment forms for the applicable individuals(s).

Appendix T: Transportation, Differential Payment Rates, Enhanced Market Rates for Legally-Exempt Providers, and Sleep

No

Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix in the Welfare Management System (WMS) should reflect this choice.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

Differential Payment Rate Category	Differential Payment Rate Percent	Instructions

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.
