APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: Reasonable distance is defined as one hour of travel time from home to the child care location to the employment location.

Describe any steps/consultations made to arrive at your definition: This definition was derived in consideration of the geography and transportation system in Cortland County. Providing timely transportation is available to individuals in need of daycare services. There are no locations within the county from which a round trip to the City of Cortland, where almost all of the registered and center daycare providers are located, would take more than an hour. The concept of using time for this definition rather than miles allows us to account for the amount of time it may take an individual accessing daycare services through the use of the public bus system. It was felt that the use of mileage in the definition would not allow us to achieve a reasonable and consistent definition for all individuals needing to use daycare in Cortland County.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 200% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 35%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).
 - The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
 - The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe in the space below how the district will select cases to be closed in the event that there are insufficient or no funds available.

a. The district will select cases to be closed based ONLY on income.

No.

Yes. Check 1 or 2 below.

1) The district will close cases from the highest income to lowest income.

2) The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:

b. The district will select cases to be closed based ONLY on categories of families.

Yes. List the categories and income groupings in the order that they will be closed:

d. The district will select cases to be closed on a basis other than the options listed above.

No.

Yes. Describe how the district will select cases to be closed in the event that there are insufficient funds to maintain the district's current case load:

e. The last cases to be closed will be those that fall under federal priorities. Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.
- a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.
- Very low income Rank 1 Rank 2
- Families that have a child with special needs Rank 1 Rank 2
- b. The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.
- Shortest time receiving child care services
- Longest time receiving child care services
4. The district will establish a waiting list for families whose cases were closed because our county did not have sufficient funds to maintain our current caseload.

No.

Yes. Describe how these cases will be selected to be reopened if funds become available:

Cortland County will not maintain a waiting list for families whose cases were closed because the district does not have sufficient funds, beginning with this plan update. However, Cortland County did maintain a waiting list for cases closed as per the previous plan. Any cases closed when the previous plan was active will remain on a waiting list, and will be reopened based on the order in which the cases were closed, with the first case closed being the first case reopened. Any new cases closed will not be added to this existing waiting list.

Case Openings

Describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that insufficient funds are available.

1. The first cases to be opened will be those that fall under the federal priorities.
- Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be opened first.
- Very low income Rank 1 Rank 2
- Families that have a child with special needs Rank 1 Rank 2
2. The district will select cases to be opened based ONLY on income.

- 2) The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:
3. The district will select cases to be opened based ONLY on category.
- No.
- Yes. List the categories in the order that they will be opened, including the optional categories selected in Appendix L:
4. The district will select cases to be opened based on a combination of income and category of family.
- No.
- Yes. List the categories and income groupings in the order that they will be opened:
5. The district selects cases to be opened on a basis other than the options listed above.
- No.
- Yes. Describe how the district will select cases to be opened in the event that there are not sufficient funds to open all eligible families:
- Contingent upon available funding, cases will be opened based upon their date of application.
6. The district will establish a waiting list when there are not sufficient funds to open all eligible cases.
- No.
- Yes. Describe how these cases will be selected to be opened when funds become available:
- Contingent upon available funding, cases will be opened based upon their date of application.

The district's recertification period is every six months twelve months

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

The criteria used to determine which applications will be referred to our front end detection system are:

- The client is self employed without adequate business records to support financial assertions;
- A prior history of denial, case closing, or overpayments resulting from an investigation;
- If the application is inconsistent with the prior case;
- If the county of residence is questionable;
- If they have been separated from marriage within the past month.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

All cases are recertified every 12 months, where the complete eligibility of that case is redetermined. This includes verification of the of the continued need for child care, verification of employment, and education and/or attendance in any approved activity. The recipient is required to provide pay stubs, as well as a statement from their employer or the instructor of any educational program they may be attending. Inconsistencies will be reviewed for any overpayment, and referred to our investigation fraud unit as appropriate.

Given that our recertification period is 12 months, we recognize the need for additional fraud and abuse control activities, as per NCCR 415.2 (M). To achieve this, each month a contact letter will be sent out on 1% of our open child care cases (for a total of 12% of all open cases for the year). This letter will include a checklist for the recipient to return, asking for verification of employment and household income, changes in household composition and residence, and the need for continued childcare.

Any inconsistencies will be reviewed for any overpayment, and referred to our investigation fraud unit as appropriate.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

On a quarterly basis, the Cortland Area Child Care Council will send the local district a list of providers that they have completed on on-site meal service review for during that quarter. Cortland County currently has an annual unduplicated count of 37 providers that participate in CACFP. The local district will identify from those providers ones that cared for children receiving subsidized child care services, with a minimum of 6 cases examined each quarter. The local district will cross reference the CAPF claim with the day care attendance on the billing form, for the month of the on-site meal service review

Any inconsistencies will be reviewed for an overpayment and referred back to the Cortland Area Child Care Council to follow up with their procedure for provider eligibility with the CAPF.

Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of a provider/program that provides child care for subsidized children for the purpose of determining whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district Per 18 NYCRR 415.4(h) (3). APPENDIX Q
ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS (OPTIONAL)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for **each** additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
- Local criminal background check
- Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
- Site visits by the local district
- Other (please describe):

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
 - Provider's household member age 18 or older

- Legally-exempt in-home child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers not operating under the auspices of another government agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers operating under the auspices of another government or tribal agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff

Provide the name of the unit and contact person:

Cortland County DSS Daycare Unit; Janet Silvers, Social Welfare Manager

Contracted agency

Provide the name of the agency and contact person:

4. Are there any costs associated with the additional standard?

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

5. **Describe the steps for evaluating whether the additional local standard has been met.**

The individuals checked in question #2 above will be asked to sign a release which will allow the Cortland County Department of Social Services to conduct a local child welfare database check of the records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker. Household members 18 years or older will only be required to complete the release when care is not in the home of the child.

If an individual checked in question #2 above refuses to sign the release, which would allow Cortland County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency.

When a local database check of the records related to the child care attestations reveal that an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed provider will be required to submit to Cortland County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained from the local database check of the records related to the child care attestations the Cortland County Department of Social Services will notify the provider that they have ten (10) calendar days to clarify the discrepancies in the information submitted to the district and

parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Cortland County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the Cortland County Department of Social Services will notify the Enrollment Agency that the additional standard has not been met.

If the information regarding the indicated child protective report correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been met.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

7. **In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)**

The Department is responsible to review additional standard criteria and inform the Enrollment Agency within 15 days if providers meet the additional standard criteria. Providers' that do not meet additional standard requirement will be contacted by the Department to be given an opportunity to submit a written acknowledgement by the parent.

8. **Describe the justification for the additional standard in the space below.**

To enhance the sharing of information that could affect the safety of children in legally exempt child care settings. Our department wants to verify that providers have told parents about known child protective services histories. In rare situations, providers are deemed unsafe to be around any children by the Family and Children's Services Unit due to a serious child abuse history and our Department wants parents to have a chance to make educated decisions about using providers who are unsafe. The Cortland County Department of Social Services has no regulatory authority to deny enrollments based on child protective report indications or adjudications of abuse or neglect, we can only verify if the additional local standard outlined above is met.

- Care during non-traditional hours may be paid up to 15% above market rate.
- Limitations to the above differentials:

The Cortland County Department of Social Services will pay up to fifteen (15) percent over New York State established market rates for non-traditional child care if the following provisions apply:

1. The Department has adequate funding to make such differential payments after all funding priorities established in accordance with Federal and State regulations and the currently approved Consolidated Services Plan are followed and satisfied.
2. Any differential child care payments made for non-traditional hours of care will be done so in accordance with all requirements governing reimbursement regulations.
3. Non-traditional hours of child care are described as child care services that are provided during non-traditional hours, that is during evening, early morning, night, or weekend hours. Payments may not exceed 15% above market rate.
