APPENDIX M

Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities (Required)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: Total of one hour travel time from home to daycare employment.

Describe any steps/consultations made to arrive at your definition: Essex County is very rural and large geographically. These were major contributing factors in defining reasonable distance.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 125% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 20%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).
 - The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
 - The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).
2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe in the space below how the district will select cases to be closed in the event that there are insufficient or no funds available.

- a.** The district will select cases to be closed based ONLY on income.
- No.
 - Yes. Check 1 or 2 below.
 - 1) The district will close cases from the highest income to lowest income.
 - 2) The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:
- b.** The district will select cases to be closed based ONLY on categories of families.
- No.
 - Yes. List the categories in the order that they will be closed, including the optional categories selected in Appendix L:
- c.** The district will select cases to be closed based on a combination of income and family category.
- No.
 - Yes. List the categories and income groupings in the order that they will be closed:
- d.** The district will select cases to be closed on a basis other than the options listed above.
- No.
 - Yes. Describe how the district will select cases to be closed in the event that there are insufficient funds to maintain the district's current case load:

Note: Category 1 cases will be guaranteed child care until programmatically ineligible.
 - 1. If all NYSCCBG funds are committed, our district will discontinue funding to Category 3 families (150%-200% State Income Standard [SIS]) from the longest duration of child care received to the shortest.
 - 2. If there are insufficient NYSCCBG funds after Category 3 (150%-200%) cases are closed, our district will close Category 2 cases (150%-200%) from longest duration of child care received to the shortest.
 - 3. Category 3 - all the rest, including 125%-149% of poverty, again from the longest duration of child care received to the shortest.
 - 4. Category 2 - all the rest, including 125%-149% of poverty, from longest duration of child care received to the shortest.
 - 5. Priority populations will close in this order (*within* groups, from longest to shortest duration of child care received):

*teen parent

*children with special needs

*very low income

- e. The last cases to be closed will be those that fall under federal priorities. Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.

- a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.

Shortest time receiving child care services

Longest time receiving child care services

- b. The district will establish a waiting list for families whose cases were closed because our county did not have sufficient funds to maintain our current caseload.

No.

Yes. Describe how these cases will be selected to be reopened if funds become available:

Those cases with incomes corresponding to a lower percentage of the state income standard – less than 125% of the standard - will be opened first. Families who have children with special needs that require day care services will be opened next. Next opened will be families whose income falls between 125% and 150% of the standard, followed by the lowest priority families whose income falls between 150% and 200% of the state income standard.

Case Openings

Describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that insufficient funds are available.

1. The first cases to be opened will be those that fall under the federal priorities.

Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be opened first.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

2. The district will select cases to be opened based ONLY on income.

No.

Yes. Check 1 or 2 below.

1) The district will close cases from the highest income to lowest income.

2) The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:

3. The district will select cases to be opened based ONLY on category.

No.

Yes. List the categories in the order that they will be opened, including the optional categories selected in Appendix L:

4. The district will select cases to be opened based on a combination of income and category of family.

No.

Yes. List the categories and income groupings in the order that they will be opened:

5. The district selects cases to be opened on a basis other than the options listed above.

No.

Yes. Describe how the district will select cases to be opened in the event that there are not sufficient funds to open all eligible families:

Cases will be opened based on a consideration of both how long they have been on the waiting list and their category, using prioritized categories as described in Item 6, immediately below.

6. The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

No.

Yes. Describe how these cases will be selected to be opened when funds become available:

Cases will be opened based first on how long they have been on the waiting list, with those waiting longest the first to be reviewed for opening. After considering waiting times, openings will be prioritized by category, in the following order:

a. Category 1

i. Very low income (up to 125% of state income standard)

- ii. Families of children with special needs
- iii. Teen parents
- b. Category 2 - 125% - 149% of state income standard
- c. Category 3 - 150% - 200% of state income standard

The district's recertification period is every six months twelve months

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

Essex County requires financial verification monthly prior to paying providers day care. Any case appearing to have questionable or erroneous information is referred to the Fraud Department. Specifically, working off the books, self-employed without adequate business records, client unsure of own address, identity verification is suspect, documentation is inconsistent with the application or with prior case, children under 6 (six) no birth certificate or provider lives in the same household as the parent.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Continued need for child care is verified in every case at 6 months. Recertification is done on a 6 month cycle. All cases are sampled every six months. Every case is reviewed monthly for income prior to payment being made.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Essex County Department of Social Services workers collaborate with Adirondack Community Action Programs (ACAP), which is the agency in our county to administer CACFP Nutrition Program Funding. Attendance records are submitted monthly to ACAP for the purpose of cross referencing attendance records with CACFP provider claims. Therefore all non-daycare center providers are reviewed annually.
