APPENDIX M
REASONABLE DISTANCE, VERY LOW INCOME, FAMILY SHARE, CASE CLOSING
AND OPENINGS, RECERTIFICATION PERIOD, FRAUD AND ABUSE CONTROL
ACTIVITIES (REQUIRED)

Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: No more than 20 miles off the direct route from the applicant/recipient’s home to employment or assigned employment activity.

Describe any steps/consultations made to arrive at your definition: Representatives from the Department of Social Services and members of the community met to define reasonable distance.

Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 175% of the State Income Standard.

Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 25%.

Note: The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).

- The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
- The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

2. Describe how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe in the space below how the district will select cases to be closed in the event that there are insufficient or no funds available.

a. The district will select cases to be closed based ONLY on income.

No.

Yes. Check 1 or 2 below.

1) The district will close cases from the highest income to lowest income.

2) The district will close cases based on income bands. Describe the income bands, beginning at 200% of the State Income Standard and ending at 100% of the State Income Standard:

b. The district will select cases to be closed based ONLY on categories of families.

No.

Yes. List the categories in the order that they will be closed, including the optional categories selected in Appendix L:

c. The district will select cases to be closed based on a combination of income and family category.

No.

Yes. List the categories and income groupings in the order that they will be closed:

d. The district will select cases to be closed on a basis other than the options listed above.

No.

Yes. Describe how the district will select cases to be closed in the event that there are insufficient funds to maintain the district's current case load:

e. The last cases to be closed will be those that fall under federal priorities. Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income Rank 1 Rank 2

Families that have a child with special needs Rank 1 Rank 2

3. If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.
- a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.
- Very low income Rank 1 Rank 2
- Families that have a child with special needs Rank 1 Rank 2
- b. The district will close cases based on the federal priorities and the amount of time the family has been receiving child care services.
- Shortest time receiving child care services
- Longest time receiving child care services
4. The district will establish a waiting list for families whose cases were closed because our county did not have sufficient funds to maintain our current caseload.
- No.
- Yes. Describe how these cases will be selected to be reopened if funds become available:
- Cases will be opened in the order listed in question #4 under Case Openings.

Case Openings

Describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that insufficient funds are available.

1. The first cases to be opened will be those that fall under the federal priorities.
- Identify how your district will prioritize federal priorities. Cases that are ranked 1 will be opened first.
- Very low income Rank 1 Rank 2
- Families that have a child with special needs Rank 1 Rank 2
2. The district will select cases to be opened based ONLY on income.
- No.
- Yes. Check 1 or 2 below.

3. The district will select cases to be opened based ONLY on category.

No.

Yes. List the categories in the order that they will be opened, including the optional categories selected in Appendix L:

4. The district will select cases to be opened based on a combination of income and category of family.

No.

Yes. List the categories and income groupings in the order that they will be opened:

If funding still exists once the guaranteed population is open, the following categories of families with income below 175% of the poverty level will be opened:

1. Children with special needs
2. Teen parents attending high school
3. Child protective cases

Once these categories of low income families have been served the remaining families listed in Appendix L will be opened in exactly the order they are listed as Optional Categories #1-#11.

Once the above categories are open we will open categories that fall between 175% and 200% of the poverty level.

5. The district selects cases to be opened on a basis other than the options listed above.

No.

Yes. Describe how the district will select cases to be opened in the event that there are not sufficient funds to open all eligible families:

6. The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

No.

Yes. Describe how these cases will be selected to be opened when funds become available:

See question #4 above.

The district's recertification period is every six months twelve months

Fraud and Abuse Control Activities

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

Our current plan includes approved indicators requiring a referral for investigation applicable on all Child Care applications in question. The Department also receives many applications for Child Care where cases are currently open Temporary Assistance and Medicaid. Similar indicators have been approved for FEDS plans on both of these programs therefore a FEDS investigation would have been done. Current FEDS indicators for the Child Care program are:

Prior history of denial, case closing, or overpayment resulting from an investigation. (Including outstanding parent fee from previous case closure.)

Application is inconsistent with prior case information.

Household composition or current residence is questionable.

Applicant is self-employed but without adequate business records to support financial assertions.

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

Jefferson County Department of Social Services (DSS) Investigation's staff will provide on-site inspections/activity checks of informal day care provider homes receiving daycare subsidy payments from the Department. Investigation's staff will include both verification of service provided and the legitimate need of the recipient. Up to 240 visits to informal providers/recipients can be completed during a one-year period. Visits will be completed by designated DSS Investigators to verify providers are caring for children as claimed. DSS Investigations will randomly pick cases for audit each month. Approximately 10 cases are selected each month by pulling every tenth recipient case from a monthly roster, provided they have not been previously sampled within the last 60 days. Investigations will total approximately 120 annually. Child attendance forms will be checked against the applicant's history of participation in employment, education or other federally qualifying work related activities.

Investigators will observe and document the conditions of informal day care sites.

Providers/recipients may be visited 2 – 3 times as required. DSS Investigations will make recommendations regarding safety issues as well as payment issues. Said recommendations will be shared by DSS Investigators with the enrollment agency as needed. The integrity and quality of service that is provided to Jefferson County children will be improved by closer monitoring by DSS and the enrollment agency. These investigations will supplement rather than substitute for the annual on-site inspection/ reviews of the enrollment agency. In addition, DSS will audit a sample of no less than 248 cases where we will compare the billing submitted to the hours worked for that billing month for those clients that are employed. Clients who are attending school or an approved program will be asked for grades each semester to make sure that they are attending the program the number of hours approved and so that we know they are progressing toward the goal of self-sufficiency.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The records of no less than 59 CACFP providers will be reviewed against billing submitted to the district for the same period. (providing we have 59 CACFP providers that accept our clients). CAPC will conduct the reviews on behalf of the Agency.

APPENDIX Q #1

ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS (OPTIONAL)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for **each** additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
- Local criminal background check
- Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
- Site visits by the local district
- Other (please describe):

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
 - Provider's household member age 18 or older
- Legally-exempt in-home child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
- Legally-exempt group providers not operating under the auspices of another government agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
- Legally-exempt group providers operating under the auspices of another government or tribal agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff

Provide the name of the unit and contact person:

Contracted agency

Provide the name of the agency and contact person:

Jeff/Lewis Child Care Project/Vicky Brownell

4. Are there any costs associated with the additional standard?

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

5. Describe the steps for evaluating whether the additional local standard has been met.

The district will conduct a local criminal history background check to verify the truthfulness of the attestations pertaining to the criminal history of the individuals checked in question #2 above. In the enrollment package, the district will provide release forms, which will authorize local criminal history database checks. The individuals checked in question #2 above will be required to sign a release which will allow our Department to conduct a local criminal history check. The individual will be instructed to return the enrollment package including the signed release form. If the individual checked in question #2 above refuses to sign an authorization for a local criminal background check, the enrollment package will be considered incomplete, the enrollment process cannot move forward and the enrollment package will be withdrawn by the enrollment agency. When the enrollment agency receives the enrollment packet they will notify the district of the receipt of the release. When the signed release is received, the district will arrange for a local database check for criminal convictions to be conducted by EA. If a search results in a criminal convictions history, The EA will determine what the discrepancies are from the original information provided in the enrollment packet and then the EA will take appropriate action.

The standard is " met" when all the applicable criminal background checks are conducted. The standard is considered to be " not met" if the applicable criminal background checks cannot be completed due to the lack of cooperation of the provider or other person who is required to participate.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

Legally-Exempt Programs:

Initial enrollment During the 12-month enrollment period

Re-enrollment Other

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

The EA remits the results of the criminal background check to Day Care Unit and will determine if the provider is approved or denied based on this information.

8. Describe the justification for the additional standard in the space below.

Jefferson County previously performed an audit of our Legally-Exempt Family Child Care and Legally-Exempt In-Home Child Care Providers. We found that approximately 25% of the providers were not self-disclosing information regarding criminal history and involvement with CPS. Although this process will require more time spent on the informal provider enrollment process, the agency feels that it is in our clients and their children's best interest that the parent and the agency have all the information needed to make a safe and informed decision.

9. APPENDIX Q #2

ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS (OPTIONAL)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for **each** additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
- Local criminal background check
- Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
- Site visits by the local district
- Other (please describe):

Department of Motor Vehicles Check

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer
 - Provider's household member age 18 or older

- Legally-exempt in-home child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers not operating under the auspices of another government agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

- Legally-exempt group providers operating under the auspices of another government or tribal agency. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff

Provide the name of the unit and contact person: **Investigations Unit/Lisa Spear**

Contracted agency

Provide the name of the agency and contact person:

4. Are there any costs associated with the additional standard?

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

5. Describe the steps for evaluating whether the additional local standard has been met.

DSS staff will ask the individuals checked in question #2 above to sign a release, which will allow DSS to check with DMV for the sole purpose of verifying that the individual has a valid drivers license. This will be done on all providers regardless of whether they state they transport children.

If the individuals checked in question #2 above refuses to sign the release, which would allow our Department to conduct a DMV check, the additional standard does not apply and the enrollment package will move forward. The release/consent and/or cover letter will inform the individual that the consent to conduct a DMV check is voluntary and will not effect the enrollment decision. Our Department will inform the parent/caretaker of the refusal so that they can consider the refusal when they make a decision to select the provider. In these situations, parents will be reminded of their right to choose another provider and will be given information about how to locate other providers.

If the DMV check reveals that the individual checked in question #2 above does not have a valid driver license, our Department will inform the parent that the individual does not have a valid license and we will advise the parent not to let the provider transport their children.

If the DMV check reveals that the individual has a criminal conviction that is not included in the results of the "Local Criminal Background Check" (see Additional Standard #1) the Department will forward the DMV criminal conviction results to the enrollment agency for review.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

Legally-Exempt Programs:

- Initial enrollment During the 12-month enrollment period
 Re-enrollment Other

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

A folder is created for each legally exempt provider. Inside the folder is a face sheet that indicates all the checks that the EA and the agency have to complete. The agency indicates on the face sheet that the check was either met or not met. At that point the EA knows how to proceed with the provider.

8. Describe the justification for the additional standard in the space below.

Since the agency has access to this information, it clearly makes sense that the agency, once given permission, check the DMV system. This information would be shared with the EA once received. We would want to include this check so if the provider was transporting children we would know if they had a valid license.

APPENDIX Q #3

ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS (OPTIONAL)

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies. This appendix must be completed for **each** additional standard that the district wishes to implement.

1. Check or describe in the space provided below the additional local standards that will be required of child care providers/programs.

- Verification that the provider has given the parent/caretaker complete and accurate information regarding any report of child abuse or maltreatment in which they are named as an indicated subject
- Local criminal background check
- Requirement that providers that care for subsidized children for 30 or more hours a week participate in the Child and Adult Food Care Program (CACFP)
- Site visits by the local district
- Other (please describe):

2. Check below the type of child care program to which the additional standard will apply and indicate the roles of the persons to whom it will apply in cases where the standard is person-specific.

- Legally-exempt family child care program. Check all that apply.
 - Provider Provider's Employee Provider's Volunteer

Local social services staff

Provide the name of the unit and contact person: Investigations Unit/Lisa Spear

Contracted agency

Provide the name of the agency and contact person:

4. Are there any costs associated with the additional standard?

Yes No

Note: Costs associated with the additional standard cannot be passed on to the provider.

5. Describe the steps for evaluating whether the additional local standard has been met.

The district will include a release form in the enrollment packets it distributes to parents which will allow the Jefferson County Department of Social Services to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 18 NYCRR (f)(7)(ii). The individuals specified in question #2 above will be asked to sign the release. The records check will be required only for the types of child care specified in question #2 and will be required only to persons in the roles specified in question # 2.

The signed release(s) specified in question #2 is/are required, for all persons in the roles, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the release, which would allow Jefferson County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency in accordance with State policy.

The local district will conduct the check of the local database to determine whether an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed child care provider will be required to submit to Jefferson County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained during the local records check related to the child care attestations, the Jefferson County Department of Social Services will notify the provider that he or she has ten (10)

calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to the Jefferson County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the Jefferson County Department of Social Services will notify the Enrollment Agency that the additional standard has not been met.

If the information regarding the indicated child protective report submitted by the provider to the parent/caretaker and the local district correlates with the information obtained from the local database check and the parent/caretaker still chooses to use the provider, the Enrollment Agency will be notified that the additional standard has been met.

6. Indicate how frequently reviews of the additional standard will be conducted. Check all that apply.

Legally-Exempt Programs:

- Initial enrollment During the 12-month enrollment period
 Re-enrollment Other

7. In the space below, described the procedures the district will use to notify the Legally-Exempt Caregiver Enrollment Agency (EA) as to whether the legally-exempt provider is in compliance with the additional local standards. Districts must notify the EA within 25 days from the date they received the referral from the EA. (Districts need to describe this procedure only if the additional local standard is applied to legally-exempt child care providers.)

Within 25 days of the date of the referral, the local district will notify the Enrollment Agency in writing of the local district determination as follows:

The additional standard is met when:

- **The local records check is conducted as specified in question # 5 and no record is found**
- **The local records check is conducted, a record is found and the district determines that the provider has given the parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.**

The additional standard is not met when:

- **The local records check is conducted as specified in question # 5, a record is found and the district determines that the provider has NOT given the**

parent/caretaker true and accurate information regarding any indicated reports applicable to the persons specified in question 2.

The district will maintain a file, which documents how the determination was made as to whether or not the additional local standard has been met.

8. Describe the justification for the additional standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known child protective histories for themselves and any other persons specified in # 2.

The additional standard supports 18 NYCRR (f)(7)(ii), a State requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver's history has been shared with the child(ren)'s parent/caretaker.

- Limitations to the above differentials:

Payments may not exceed 15% above market rate.
