Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance for Public Assistance Recipients to Travel to Child Care and Work

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

Reasonable distance means the child care provider(s) is located within a reasonable distance from the parent or caretaker relative's home and work activity, based on locally accepted community standards, as defined by the social services district in the district's consolidated services plan. The distance is also defined as a one-way trip and not to include round trip estimates.

The district defines Reasonable Distance as up to one hour to pick up or drop off allowing commute time.

2. Describe any steps/consultations made to arrive at your definition:

This definition was discussed and agreed upon by the State. We have read and agree to use 18 NYCRR 415.8(b).

II. Recertification Period

The district's recertification period for low income child care cases is every:

- Six months
- Twelve months

III. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS) and the Child Care Time and Attendance (CCTA) system.

Family Share Percentage selected by the district:

10%

Additional Description of this Family Share Percentage:

This percentage is retroactive to 04-16-2021.

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define "very low income" as it is used in determining priorities for child care benefits.

"Very Low Income" is defined as **200%** of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income as defined in Section IV:

- Rank 1
- Rank 2
- Rank 3

b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

- Rank 1
- Rank 2
- Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED.**
- 2. Open cases based on **INCOME.**
- 3. Open cases based on **CATEGORY OF FAMILY.**
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY.**

List below the incomes (from lowest to highest income) or income bands (from lowest income band to highest income band), and the remaining category 2 and 3 families included in 18 NYCRR §415.2(a)(2) and 18 NYCRR §415.2(a)(3) that are not federal or local priorities in the order they will be opened first.

Effective January 1st, 2020, the Orange County Department of Social Services will continue accepting cases in the 176% - 200% income band. We hope to maintain the income band at this level through December 31, 2021.

Public Assistance Cases Requiring Employment Services

Effective January 1st, 2020: All open Public Assistance cases requiring Employment Services can qualify for Child Care. In addition, people in the following Income Bands can qualify for assistance:

101 - 125 % of the poverty level (currently open)

126 - 150 % of the poverty level (currently open) and

151 - 175% of the poverty level (currently open)

176 - 200% of the poverty level (continued eligible income band) *

***Orange County will maintain the 176 -- 200% income band through December 31, 2021.**

Cases will be opened according to State approved income bands starting with 100% going to 125%, 126% -150%, 151% -175% and 176% - 200. However, Orange County can designate the eligibility thresholds within the approved income bands. In the event of a waiting list within these eligible income bands; those families on a waiting list the longest will open first.

Orange County will include child care for homeless individuals and/or victims of domestic violence who are employed or attending an approved college, school or vocational program.

5. Open cases based on **OTHER CRITERIA.**

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

1. Close cases based on **AMOUNT OF TIME** receiving child care services.

If closing based on amount of time...

The district will close cases starting from the shortest time receiving child care services to the longest time.

The district will close cases starting from the longest time receiving child care services to the shortest time.

2. Close cases based on **INCOME.**
3. Close cases based on **CATEGORY OF FAMILY.**
4. Close cases based on **INCOME AND CATEGORY OF FAMILY.**
5. Close cases based on **OTHER CRITERIA.**

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

No

Yes

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Orange County previously (12/16/05) submitted the Front End Detection System (FEDS) Plan of Operation for Day Care. The Special Investigation Unit (SIU) still uses our FEDS plan. The plan has not changed since 2012. SIU has always involved in Child Care Projects. Currently, SIU has been reviewing the Transitional Child Care cases. The Child Care Unit refers all cases transitioning from Temporary Assistance Child Care to Subsidized Child Care monthly. The Child Care Unit also refers any cases they deem as "Suspicious Providers" wherein they want SIU to verify the providers. The Child Care Unit still requires pay stubs and employer information. For any and all cases that involve SIU, the unit will verify all wage information.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

Orange County verifies the continued need for child care by conducting re-certifications every six (6) months of 100% of service cases. The unit requests pay stub information and submission of employer worksheets.

3. Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

In the contract year 2020 through 2021 there were 45 Registered or Licensed providers and 2 Legally Exempt providers active on the Child and Adult Care Food Program (CACFP) per the Child Care Council of Orange County Inc. There were 5 Family Day Care Homes (FDCH) and 40 Group Family Day Care (GRDC). The Day Care Center (DCC) and School Age Child Care (SACC) have direct agreements with CACFP.

Orange County will compare the caregiver's attendance forms with any child and adult care food program (CACFP) inspection forms to verify that child care was actually provided on the days listed. Based on our universe size of 45, we will use a sample size of approximately 41. Therefore, we will review approximately four (4) cases per month.

Orange County has asked an employee of the Child Care Council to conduct a random sampling of those providers in CACFP. The Child Care Council representative will cross reference the attendance sheets with the child and adult care food program information. Should there be questionable

information discovered, the Child Care Council representative would notify the worker in the Child Care Unit. If the worker believes that further investigation is warranted a referral would be made to our fraud unit.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- No.
- Yes. Provide the details of your inspections plan below.

Check the organization that will be responsible for conducting inspections:

- Local social services staff
Provide the name of the unit and contact person:
- Contracted Agency *(must correspond to Appendix K, Question 3f)*
Provide the name of the agency and contact person:

The following types of subsidized child care providers/programs are subject to this requirement:

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each**

additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers/programs.

- Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject
- Local criminal background check
- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP).

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.

b. The district will not apply this additional local standard when the **program's site of care is located outside** of the subsidy-paying district.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff
Provide the name of the unit and contact person:
Child Care Unit/ Elaine Puglielle

Contracted agency (must correspond to Appendix K, Question 3b)
Provide the name of the agency and contact person:

Note: Costs associated with the additional local standard cannot be passed on to the provider.

4. Are there any fees or other costs associated with the additional local standard?

Yes

No

Note: Costs associated with the additional local standard cannot be passed on to the provider.

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met" or is "not applicable" and monitor its timeliness. Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

The enrollment agency will include a release form in the enrollment packets it distributes to parents which will allow

the Orange County Department of Social Services to conduct a check of the local child welfare records related to the child care attestations for the sole purpose of verifying the accuracy of the information submitted to the parent/caretaker per 415.13 (a) (3) (iv). The individuals specified in question #2 above will be asked to sign the release. The records check will be required only for the types of child care specified in question #2 and will be required only to persons in the roles specified in question # 2.

The signed release(s) specified in question #2 is/are required, for all persons in the roles, for the enrollment packet to be considered complete. If any of the individuals checked in question #2 above refuses to sign the release, which would allow Orange County Department of Social Services to review only the existing local child welfare records related to the child care attestations, the enrollment package will be considered incomplete and the enrollment process cannot move forward and will be withdrawn by the enrollment agency in accordance with State policy.

Once the enrollment agency receives a completed legally exempt enrollment packet and enters the provider in CCFS an e- notice is sent to the district notifying us to run the additional local standard report from CCFS for that date.

The local district will conduct the check of the local database to determine whether an individual checked in question #2 above is an indicated subject of a child abuse or maltreatment report. When the local records check reveals that an individual specified in question #2 above is an indicated subject of a child abuse or maltreatment report the proposed child care provider will be required to submit to Orange County Department of Social Services a copy of the written statement provided to the parent/caretaker concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report submitted by the provider does not substantially correlate with the information obtained during the local records check related to the child care attestations, the Orange County Department of Social Services will notify the provider that he or she

has ten (10) calendar days to clarify the discrepancies in the information submitted to the district and parent/caretaker. Within the ten (10) calendar day period the provider must submit information to Orange County Department of Social Services and the parent/caretaker that either substantially correlates with the information obtained by the district's local database check of the records related to the child care attestations or the provider submits information to the district which documents that the information obtained from the local database check of the records related to the child care attestations is inaccurate. If the provider fails to clarify the discrepancies the Orange County Department of Social Services will notify the Enrollment Agency that the additional standard has not been met.

The enrollment agency will be notified whether or not the provider / household members in # 2 have met the additional local standard by the district, giving them the OCFS 2114 with the determination checked off on this form.

The additional local standard is considered to have been met when / if the person(s) listed in # 2 are not subjects of indicated CPS reports, or if they are a subject of an indicated CPS report, have made details of the report available to the parent(s). They would need to submit a letter stating the details of the indicated report, signed by the parent and themselves to the local district employee conducting the additional local standards check (Elaine Puglielle) for the additional local standard to be considered having been met.

6. Indicate how frequently the additional local standard will be applied.

1. The Standard will be applied (check all that apply):

- At initial enrollment and re-opening
- At each re-enrollment
- During the enrollment **review** period

7. Describe the justification for the additional local standard in the space below.

The local district wants to make sure that providers have told parents/caretakers about known child protective histories for themselves and any other person specified in #2.

The additional local standard supports 415.13(a)(3)(iv), a state requirement for enrollment which requires the provider and relevant site persons have given the parent true and accurate information regarding indicated child protective reports. The additional standard verifies the provider is telling the truth on the enrollment form. This promotes safer child care for children by verifying that true and accurate information about a caregiver's history has been shared with the child(ren)'s parent/ caretaker.

Appendix R: Payment to Child Care Providers for Absences

1. Are there circumstances where the district will reimburse for transportation?

- No
- Yes

2. If the district will reimburse for transportation, describe any circumstances and limitations the district will use to reimburse. Include what type of transportation will be reimbursed (public and/or private) and how much your district will pay (per mile or trip). Note that if the district is paying for transportation, the Program Matrix

in the Welfare Management System (WMS) should reflect this choice.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

| Differential Payment Rate Category | Differential Payment Rate Percent | Instructions |
|--|-----------------------------------|---|
| Homelessness: Licensed and Registered Providers State required minimum of 5% | 5% | Enter a percentage (%): 5% to 15%. (<i>Must</i> enter at least 5%) |
| Homelessness: Legally-Exempt Providers | 0% | Enter 0% or a percentage (%) up to 15%. |
| Non-traditional Hours: All Providers State required minimum of 5% | 5% | Enter a percentage (%): 5% to 15%. (<i>Must</i> enter at least 5%) |
| Nationally Accredited Programs: Licensed and Registered Providers <i>Legally-exempt child care providers are not eligible for a differential payment rate for accreditation.</i> | 0% | Enter 0% or a percentage (%) from 5% to 15%. |

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

III. Increased Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. The enhanced market rate for legally-exempt family and legally-exempt in-home child care providers who have completed 10 or more hours of training annually is a 70% differential applied to the market rates established for registered family day care. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

No

Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75% of the child care market rate established for registered family day care.

%

IV. Enhanced Market Rates for Legally-Exempt Group Child Care Programs

Answer both questions:

1. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

No

Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs when, in addition to the training required in 18 NYCRR §415.4(f), the caregiver has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

No

Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

If a district chooses to establish both legally-exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

V. Sleep

In accordance with SSL 410-w(9), up to eight hours of additional child care assistance must be authorized for all eligible children in a family, as needed, in order to allow a parent or caretaker to sleep, if the parent or caretaker works non-traditional hours, is eligible for and provided with child care assistance, and has a child under the age of six and not in school for a full day.

If the district chooses to expand eligibility for child care assistance beyond the requirements of SSL 410-w(9), in order to allow a parent or caretaker who works non-traditional hours to sleep, please describe below:

Additionally, the district will authorize up to 8 hours of child care assistance for any consumer who is eligible for and provided with child care assistance and is required to work a third shift.

The district will require written verification from the employer confirming the consumer's actual work schedule.

Appendix U: Child Care Exceeding 24 Hours, Child Care Services Unit, Waivers, and Breaks in Activities

I. Child Care Exceeding 24 Hours

1. Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other situations where the caretaker's approved activity necessitates care for 24 hours on a limited basis. Check below under what circumstances the district will pay for child care exceeding 24 hours.

- On a short-term or emergency basis
- The caretaker's approved activity necessitates care for 24 hours on a limited basis

2. Describe any limitations on the payment of child care services that exceed 24 consecutive hours.

II. Child Care Services Unit (CCSU)

1. Indicate below if your district will include 18-, 19-, or 20-year-olds in the CCSU for determining family size and countable family income.

a. The district will include the following in the CCSU (check all that apply)

- 18-year-olds
- 19-year-olds

OR

b. The district will only include the following in the CCSU when it will benefit the family (check all that apply)

- 18-year-olds
- 19-year-olds
- 20-year-olds

2. Describe the criteria your district will use to determine whether or not 18-, 19-, or 20-year olds are included in the CCSU.

Orange County will include family member's age 18 years old; when the inclusion benefits the family in determining the family's eligibility for child care subsidy and provides a favorable financial impact on the family share/parent fee.

III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFS before it can be implemented. Describe and justify why your district is requesting a waiver.

IV. Breaks in Activities

1. Districts may pay for child care services for low-income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):

- Two weeks
- Four weeks
- The district will not pay for breaks in activities

2. Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low-income families are eligible for child care services during a break in activities (check all that are eligible):

- Entering an activity
- Waiting for employment
- On a break between activities
