## APPENDIX G-3

### III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities\_ (Required Section)

#### Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **Normal travel time by vehicle from home to employment will increase by 25 minutes or less when accessing child care travel by walking will increase by 15 minutes or less.**

Describe any steps/consultations made to arrive at your definition: **Consultations done with Job Development, Temporary Assistance Unit and the CCR & R.**

#### Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **150%** of the State Income Standard.

#### Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **25%**.

**Case Closings** (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

**Cases will not be closed due to insufficient funds. We will implement waiting lists for case openings until funds become available.**

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

**Case Openings**

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

**Waiting list prioritization:**

- 1.)Families with very low income-less than 150% of income standard**
- 2.)Families that have children with special needs**
- 3.)Children with parents less than 21 years old**
- 4.)As slots become available, low income families, less than 175% of income standard**
- 5.)As slots become available, low income families, less than 200% of the income standard.**

**Fraud and Abuse Control Activities**

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district’s front end detection system.

**Indicators to be used to determine if a FEDS referral is applicable are:**

**Documentation or information provided are inconsistent with application, such as different name used for signature.**

**Prior history of denial, case closing, or overpayments resulting from investigation.**

**Application inconsistent with prior case.**

**No absent parent information or information is inconsistent with application.**

**If an indicator is present, a referral will be completed on a local form developed for this purpose.**

**At case opening or when there is a new Legally Exempt provider, an unannounced fraud detection visit is done on a local referral form developed for this purpose. The visit occurs after the case has been opened and the Legally Exempt provider has been fully approved by the Enrollment Agency (Child Care Resource and Referral Agency).**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities. **Our District reviews 100% of the Non-TA and TA cases as we recertify day care cases every 6 months. A recertification packet is mailed approximately 6 weeks prior to the end of the current authorization to date. Information reviewed if applicable is but not limited to wages, school attendance, work hours and household composition.**

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

**Child care providers of subsidized child care services that participate in CACFP will be reviewed by random sampling. At this time Orleans County has 13 providers enrolled in the CACFP program. Because of the low enrollment numbers, all 13 providers will be reviewed to verify that care was actually provided on days listed on the attendance forms.**

**Differential Payment Rates**

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to \_\_\_\_\_ % above market rate.

Care during non-traditional hours may be paid up to \_\_\_\_\_ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

**Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers**

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally- exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to \_\_\_\_\_ percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

**Child Care Services Unit**

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old       19 year old       20 year old

- two weeks       four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):
