Appendix M #1: Reasonable Distance, Recertification Period, Family Share, Very Low Income, Federal and Local Priorities

I. Reasonable Distance for Public Assistance Recipients to Travel to Child Care and Work

Define "reasonable distance" based on community standards for determining accessible child care.

1. The following defines "reasonable distance":

Reasonable distance would equal approximately 25 miles from the recipient's home or work address to or from the child care provider.

2. Describe any steps/consultations made to arrive at your definition:

Locations where clientele reside, employment opportunities, bus routes, and location of providers.

The following defines "reasonable distance": In the geographically remote areas of the county it is reasonable to expect a 1 - 1 1/2 hour long commute to an employer one way. The townships that this definition would cover are not currently serviced by daily public transportation. They include: Jefferson, Broome, Seward, Sharon, Gilboa, Conesville, Summit, Blenheim, Wright, and the outlying areas of Middleburgh, and Cobleskill. This one way estimation would include the time to commute to a daycare setting, and is based on normal road conditions. In the more centralized areas of the county, a reasonable commuting time would be considered 1/2 hour to 1 hour.

Daily Public Transportation currently services the areas of Cobleskill, Middleburgh, Richmondville, and Schoharie. This reasonable commuting time estimation would also include any residence up to 1 mile walking distance to the bus route (generally the main corridors of the county, Route 7, 30 and 145). Public Transportation will pick up/drop off within 1 mile of the regular route with advance notice. The bus also has a "transfer" system in place to allow individuals to make a stop and then continue on the next bus without incurring a double fare. Again this estimation includes one stop at a daycare setting, and is based on normal road conditions.

II. Recertification Period

The district's recertification period for low income child care cases is every:

Schoharie County: Child Care

- Six months
- Twelve months

III. Family Share

"Family Share" is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. Your district must select a family share percentage from 10% to 35% to use in calculating the amount of family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS) and the Child Care Time and Attendance (CCTA) system.

Family Share Percentage selected by the district:

30%

Additional Description of this Family Share Percentage:

Note: The family share percentage selected here must match the percentage entered in the Program Matrix in the Welfare Management System (WMS).

IV. Very Low Income

Define "very low income" as it is used in determining priorities for child care benefits.

"Very Low Income" is defined as **100%** of the State Income Standard.

V. Federal and Local Priorities

1. The district must rank the federally mandated priorities. Cases that are ranked 1 have the highest priority for receiving child care assistance. These rankings apply to case closings and case openings.

a. Very low income as defined in Section IV:

Rank 1

Rank 2

Rank 3

b. Families with incomes up to 200% of the State Income Standard that have a child with special needs and a need for child care:

Rank 1

Rank 2

Rank 3

c. Families with incomes up to 200% of the State Income Standard that are experiencing homelessness:

- Rank 1
- Rank 2
- Rank 3

2. Does the district have local priorities?

- Yes
- No

If yes, list them below and rank beginning with Rank 4.

Appendix M #2: Case Openings, Case Closings, and Waiting List

I. Case Openings When Funds Are Limited

If a social services district does not have sufficient funds to provide child care services to all families who are applying, the district may decide to open certain categories of families as funds become available. The district must open federal priorities first. If the district identified local priorities, they must be opened next. **After the federal and local priorities**, identify the basis upon which the district will open cases if funds become available. Select one of the options listed below and describe the process for opening.

- 1. Open cases based on **FIRST COME, FIRST SERVED.**
- 2. Open cases based on **INCOME.**
- 3. Open cases based on **CATEGORY OF FAMILY.**
- 4. Open cases based on **INCOME AND CATEGORY OF FAMILY.**
- 5. Open cases based on **OTHER CRITERIA.**

II. Case Closings When Sufficient Funds Are Not Available

If a social services district does not have sufficient funds to continue to provide child care assistance to all families in its current caseload, the district may decide to discontinue child care assistance to certain categories of families. The district must close federal priorities last. If the district identified local priorities, they must be closed next to last. **After the federal and local priorities**, describe the basis upon which the district will close cases if sufficient funds are not available.

If no priorities are established beyond the federally mandated priorities and all funds are committed, case closings for families that are not eligible under a child care guarantee and are not under a federally mandated priority must be based on the length of time they have received services (must choose #1 below).

Select one of the options listed below and describe the process for closing.

- 1. Close cases based on **AMOUNT OF TIME** receiving child care services.

If closing based on amount of time...

- The district will close cases starting from the shortest time receiving child care services to the longest time.
- The district will close cases starting from the longest time receiving child care services to the shortest time.
- 2. Close cases based on **INCOME**.
- 3. Close cases based on **CATEGORY OF FAMILY**.
- 4. Close cases based on **INCOME AND CATEGORY OF FAMILY**.
- 5. Close cases based on **OTHER CRITERIA**.

III. Waiting List

The district will establish a waiting list when there are not sufficient funds to open all eligible cases.

- No
- Yes

Appendix M #3: Fraud and Abuse Control Activities and Inspections

I. Fraud and Abuse Control Activities

1. Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payments in addition to procedures for referring such applications to the district's front-end detection system.

Schoharie's fraud and abuse control is consistent with our approved FEDS Plan. Which includes: if an applicant states they are working off the books, the applicant states they are self employed but without adequate business records to support financial assertions, documents provided that are inconsistent with application, a history of denials, case closings, or overpayments resulting from prior investigations, or an application omits absent parent information, or any information inconsistent with application.

2. Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

The district cannot use criteria such as the age of provider, the gender of provider, a post office box address, or evidence that the child lives in the same residence as the provider as indicators in drawing the sample.

SCDSS will recertify 100% of the daycare cases every six months.

3. Describe the sampling methodology used to determine which providers of subsidized child care services

will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

As cases are selected by OCFS for quarterly audit, SCDSS will use that survey sample as a basis for comparison. The Department will review submitted documentation provided by the child care provider relative to attendance by the subject child(ren). Those attendance records for the quarter are compared with Child and Adult Care Food Program inspection forms to verify attendance.

II. Inspections of Child Care Provider Records and Premises

The district may choose to make announced or unannounced inspections of the records and premises of any provider/program that provides child care for subsidized children to determine if the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the social services district per 18 NYCRR §415.4(h)(3).

The district has the right to make inspections *prior to subsidized children receiving care* of any child care provider, including care in a home, to determine whether the child care provider is in compliance with applicable laws and regulations and any additional requirements imposed on such a provider by the district.

The district must report violations of regulations as follows:

1. Violations by a licensed or registered child care provider must be reported to the applicable Office of Children and Families (OCFS) Regional Office.
2. Violations by an enrolled or enrolling legally-exempt child care provider must be reported to the applicable Enrollment Agency.

Does the district choose to make inspections of such child care providers/programs?

- No.
- Yes. Provide the details of your inspections plan below.

Check the organization that will be responsible for conducting inspections:

- Local social services staff
Provide the name of the unit and contact person:
- Contracted Agency *(must correspond to Appendix K, Question 3f)*

Appendix Q: Additional Local Standards for Child Care Providers

The district may propose local standards in addition to the State standards for legally-exempt providers who will receive child care subsidies issued by the district. This appendix must be completed for **each**

additional local standard that the district wants to implement.

The district must coordinate with the local Enrollment Agency, including, but not limited to:

- Informing the Enrollment Agency of the intent to request an additional standard.
- Developing the stepwise process referenced in Question 5.
- Ensuring that no significant burden of work shall be incurred by the Enrollment Agency as a result of the additional local standard, unless such work is addressed in a separate contract or a formal agreement is in place, which are referenced in Question 3.
- Sharing any consent/release form that may be required.
- Keeping the Enrollment Agency informed of the approval status.

1. Select the additional local standard that will be required of child care providers/programs.

- Verification, using the district's local records, that the provider has given the caretaker complete and accurate information regarding any report of child abuse or maltreatment in which he or she is named as an indicated subject
- Local criminal background check
- Require providers caring for subsidized children for 30 or more hours a week participate in the Child and Adult Care Food Program (CACFP).
Note that districts are required to notify the Enrollment Agency, using the OCF5-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, of all providers on the referral list for whom the requirement is "not applicable."
- Site visits by the district

2a. Exceptions: There may be instances when the district may be unable to enact the additional standard, such as, the applicable person may reside outside of the district's jurisdiction, or the site of care may not be located within the district. In such cases, the district may create an exception to the applicability stated above.

Note: The Child Care Facility System cannot track such exceptions and, therefore, the district remains responsible for notifying the applicable Enrollment Agency, using the OCFS-2114, District Notification to Legally-Exempt Caregiver Enrollment Agency, that an additional standard is "not applicable" to the specific provider/person named on the referral list.

Place a check mark below to show any exception to the applicability of this Local Additional Standard to programs or roles previously identified.

a. The district will not apply this additional local standard when the applicable person **resides** outside of the subsidy-paying district.

b. The district will not apply this additional local standard when the **program's site of care is located outside** of the subsidy-paying district.

3. Districts are responsible for implementation of the additional local standard unless they have a formal agreement or contract with another organization. Check the organization that will be responsible for the implementation of the additional local standard.

Local social services staff
Provide the name of the unit and contact person:

Contracted agency (must correspond to Appendix K, Question 3b)
Provide the name of the agency and contact person:

Note: Costs associated with the additional local standard cannot be passed on to the provider.

4. Are there any fees or other costs associated with the additional local standard?

Yes

No

Note: Costs associated with the additional local standard cannot be passed on to the provider.

5. Describe, in chronological order, the steps for conducting the additional local standard. Include how the district will retrieve referrals from CCFS, communicate with providers and other applicable persons, determine compliance with the additional local standard, inform the Enrollment Agency whether the additional local standard has been "met," "not met" or is "not applicable" and monitor its timeliness. Include all agencies involved and their roles. Note that the district's procedures must be in accordance with 12-OCFS-LCM-01.

6. Indicate how frequently the additional local standard will be applied. Answer both questions.

1. The Standard will be applied:

At initial enrollment and re-opening

At each re-enrollment

2. The district will assess compliance with the additional local standard:

*During the enrollment **review** period*, and the district will notify the Enrollment Agency of the results within 25 days from the E-Notice referral date.

During the 12-month enrollment period, and the district will notify the Enrollment Agency of the results promptly. Note that this option is always applicable to an additional local standard requiring participation in CACFP.

7. Describe the justification for the additional local standard in the space below.

5. List reasons for absences for which the district will allow payment:

Sickness and snow days

6. List any limitations on the above providers' eligibility for payment for absences:

We will pay for the above listed absences if the provider charges unsubsidized parents for absences. No payment for absences will be made if the child is not normally scheduled to attend on that day or if the provider is closed.

Note: Legally-exempt family child care and in-home child care providers are **not** eligible to receive payment for absences.

Yes

No

3. Enter the number of days allowed for program closures (maximum allowable time for program closures is five days):

5

4. List the allowable program closures for which the district will provide payment.

Schoharie will pay for 5 national holidays per year if the child was normally scheduled to attend on that day of the week and the center charges unsubsidized parents for that day.

II. Differential Payment Rates

1. Districts must complete the Differential Payment Rate Percent (%) column in the table below for each of the four (4) differential payment rate categories. For the two (2) categories that require a state minimum five percent (5%) differential payment rate, the district must enter "5%" or, if it chooses, a higher rate up to 15%.

The other two (2) differential payment rate categories in the table below are optional. If the district chooses not to set differential payment rates, the district must enter zero. If the district chooses to set a differential payment rate, enter the appropriate percentage up to 15 percent (15%). Note that if the district selects a differential payment rate for nationally accredited programs, then that rate must be in the range of five percent (5%) to 15 percent (15%).

Schoharie County: Child Care

Differential Payment Rate Category	Differential Payment Rate Percent	Instructions
Homelessness: Licensed and Registered Providers State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
Homelessness: Legally-Exempt Providers	5%	Enter 0% or a percentage (%) up to 15%.
Non-traditional Hours: All Providers State required minimum of 5%	5%	Enter a percentage (%): 5% to 15%. (Must enter at least 5%)
Nationally Accredited Programs: Licensed and Registered Providers <i>Legally-exempt child care providers are not eligible for a differential payment rate for accreditation.</i>	5%	Enter 0% or a percentage (%) from 5% to 15%.

2. Generally, differential payment rates may not exceed 25% above the applicable market rate or actual cost of care. However, a district may request a waiver from the Office to establish a payment rate that is in excess of 25% above the applicable market rate upon showing that the 25% maximum is insufficient to provide access within the district to child care providers or services that offer care addressing more than one of the differential payment rate categories. However, if your district wants to establish a payment rate that is more than 25% above the applicable market rate, describe below why the 25% maximum is insufficient to provide access to such child care providers or services.

III. Increased Enhanced Market Rate for Legally-Exempt Family and In-Home Child Care Providers

1. The enhanced market rate for legally-exempt family and legally-exempt in-home child care providers who have completed 10 or more hours of training annually is a 70% differential applied to the market rates established for registered family day care. Indicate if the district is electing to establish a payment rate that is in excess of the enhanced market rate for legally-exempt family and in-home child care providers who have completed 10 or more hours of training annually and the training has been verified by the legally-exempt caregiver enrollment agency.

- No
 Yes

2. If yes, indicate the percent (71%–75%), not to exceed 75% of the child care market rate established for registered family day care.

%

IV. Enhanced Market Rates for Legally-Exempt Group Child Care Programs

Answer both questions:

1. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs that have prepared an approved health care plan and have at least one caregiver in each classroom with age appropriate cardiopulmonary resuscitation (CPR) certification and the enhanced requirements have been verified by the enrollment agency.

- No
 Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

2. Indicate if the district is electing to establish an enhanced market rate for child care services provided by legally-exempt group child care programs when, in addition to the training required in 18 NYCRR §415.4(f), the caregiver has completed an approved course and a minimum of 15 hours of approved training annually and each employee with a caregiving role completes a minimum of 5 hours of approved training annually and the enhanced requirements have been verified by the enrollment agency.

No

Yes

If yes, indicate the percent (76%–81%), not to exceed 81% of the applicable market rate for day care centers.

%

If a district chooses to establish both legally-exempt group child care enhanced rates and a program is eligible for both enhanced rates, then the enhanced market rate must be based on the percentages selected for each individual market rate, up to a maximum of 87%.

V. Sleep

1. Does the district choose to pay for child care services while a caretaker that works a second or third shift sleeps?

No

Yes

2. The following describes the standards the district will use to evaluate whether to pay for child care services while a caretaker that works a second or third shift sleeps, as well as any limitations pertaining to payment:

In accordance with SSL 410-w(9), up to eight hours of additional child care assistance must be authorized for all eligible children in a family, as needed, in order to allow a parent or caretaker to sleep, if the parent or caretaker works non-traditional hours, is eligible for and provided with child care assistance, and has a child under the age of six and not in school for a full day.

Additionally, Schoharie County will authorize up to 8 hours of child care assistance, as needed, to single parent households and two parent families when both parents work the same shift, to allow a parent or caretaker to sleep, if the parent or caretaker works non-traditional hours, is eligible for and provided child care assistance, and needs child care assistance only for children over six years of age or who are enrolled in school for a full day.

3. Indicate the number of hours allowed by your district per day (maximum number of hours allowed is eight).

III. Waivers

1. Districts have the authority to request a waiver of any regulatory provision that is non-statutory. The waiver must be approved by OCFS before it can be implemented. Describe and justify why your district is requesting a waiver.

IV. Breaks in Activities

1. Districts may pay for child care services for low-income families during breaks in activities either for a period not to exceed two weeks or for a period not to exceed four weeks when child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period. If your district will pay for breaks in activities, indicate below for how long of a break that the district will pay for (check one):

- Two weeks
- Four weeks
- The district will not pay for breaks in activities

2. Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low-income families are eligible for child care services during a break in activities (check all that are eligible):
