<p>9. PA recipients and low income families with incomes up to 200% of the State Income Standard who are satisfactorily participating in a four-year college or university program (leading to a bachelor degree and that is reasonably expected to lead to an improvement in the parent/caretaker's earning capacity) as long as the parent(s) or caretaker is also working at least 17 ½ hours per week. The parent/caretaker must demonstrate his or her ability to successfully complete the course of study.</p>	<input checked="" type="checkbox"/> Yes <input type="checkbox"/> No	

APPENDIX G-3

III. Reasonable Distance, Very Low Income, Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities_ (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **Reasonable distance is defined as any distance that requires less than forty-five minutes travel time from the parent or caretaker's home to reach the child care provider and is twenty five miles or less, and when combined with the travel necessary to reach work or a work related activity is less than an hour and fifteen minutes. In the case of a parent or caretaker who must walk with a child under the age of six to and from the child care provider or to transportation that will take them to and from the child care provider (such as a bus stop), reasonable distance will not exceed one half-mile. Consideration will be made for factors such as the need to walk in non-daylight hours and the type of walkway (i.e. country road with no sidewalk). The definition of reasonable distance will include reasonable accommodation for caretakers and children with disabilities or health problems, and the age of the child.**

Describe any steps/consultations made to arrive at your definition:

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **200%** of the State Income Standard.

Definition of Engaged In Work For Child Care In Lieu of Temporary Assistance

The minimum number of hours for Federal Fiscal Year 2006 are:

- 20 hours for a single parent with a child under the age of six years old
- 30 hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55 hours with at least one parent working 30 or more hours.

If a district proposes a higher minimum number of required hours of work describe the requirement below.

- 20 hours for a single parent with a child under the age of six years old
- **30** hours for a single parent whose children are six years of age and older
- in two parent families the parents must be working a combined total of 55 hours with at least one parent working **30** or more hours.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **20%**.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

The department will first close all Category III cases and then close all Category II cases. Cases with children with special needs will be closed last. Those who were receiving funds may reapply and be put on a waiting list. If funds become available Category II waitlist cases will be opened first followed by Category III cases. Cases will be opened according to greatest need as determined by income, with those with the lowest incomes opened first.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

The department will establish a waiting list and will open first Category II cases in order of date of application. When pre-screening indicates that there is a child with special needs this case will receive priority in case opening. Hence, cases will be opened in the following order: families who have children with special needs, families placed on the waiting list will be opened by lowest income and earliest application date, once all cases on the waiting list have been addressed will open cases based on lowest income.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Below is a list of identified indicators of high risks and actions DSS takes to verify client is adhering to requirements.

- **Working off the books: Clients must have some way of verifying they are receiving valid payment usually by a notarized statement and DSS making direct contact with the person.**
- **Self-employed without adequate business records: Individual must provide a tax return demonstrating three months of self-employment.**
- **PO Box used as a mailing address without cause: Client must verify their residence with a lease, mortgage or tax bill.**
- **Client unsure of address: FEEDS referral made to the investigation unit.**
- **Documentation to verify identity is suspect: Require photo ID or birth certificate.**
- **Documentation or information provided is inconsistent with application: FEEDS referral made to the investigation unit**
- **Previous case closings: case records are tracked and can be approved resulting from investigation**
- **Overpayment resulting from investigation: overpayment is rolled into current parent fee until paid off**
- **Application inconsistent with prior case: FEEDS referral made to the investigation unit**
- **Children under six with no birth certificate: DSS applies for birth certificate for them**
- **Provider lives in the same household as parent: verify provider is not a parent**
- **No absent parent information or information is inconsistent with application: cross check with Child Support**

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

TCDSS reviews ALL cases at re-certification for verification of continued need for child care. Hence, every six months the client must provide all documents to verify their participation in employment, education or required activities and continued need for child care.

The department tracks cases that have no set schedule to provide verification for child care. The department requires clients to turn in their monthly pay stubs and work schedules for verification and/or class schedule for education courses.

For clients engaged in classes the department requires that they submit their class schedule to compare days they are receiving day care. For classes that attendance can be tracked, e.g. ESL, the department requires that they provide signed attendance form.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The Day Care Council reports that there are less than 28 CACFP providers. Hence, DSS will review the records of all CACFP providers and match inspection records with attendance records submitted for subsidy payment. DSS will review one half of the records by the end of June of each year and the remaining half of the records by the end of December of each year.

APPENDIX G-4

IV. District Options (Required Section)

Districts have certain flexibility to administer the child care subsidy program to meet local needs. Check which options that your district wishes to include in your county plan. Complete attachments for any area(s) checked.

1. Our district has identified local priorities in addition to the federal priorities (complete Appendix G-5).
2. Our district has chosen to establish funding set-asides for NYSCCBG (complete Appendix G-6).
3. Our district is using Title XX funds for the provision of child care services (complete Appendix G-7).
4. Our district has chosen to establish additional local standards for child care providers (complete Appendix G-8).
5. Our district has chosen to make payments to child care providers for absences (complete Appendix G-9).
6. Our district has chosen to make payments to child care providers for program closures (complete Appendix G-10).
7. Our district has chosen to pay for transportation to and from a child care provider (complete Appendix G-11).
8. Our district has chosen to pay up to a 15% higher than the applicable market rates for regulated child care services that have been accredited by a nationally recognized child care organization (complete Appendix G-11).
9. Our district has chosen to pay up to 15% higher than the applicable market rates for non-traditional hours (complete Appendix G-11).
10. Our district has chosen to pay for child care services while a caretaker who works the second or third shift sleeps (complete Appendix G-11).
11. Our district has chosen to make payments to child care providers who provide child care services, which exceed 24 consecutive hours (complete Appendix G-12).
12. Our district has chosen to include 18, 19 or 20 year olds in the Child Care Services Unit (complete Appendix G-12).

APPENDIX G-4 (continued)

- 13. Our district is seeking a waiver from one or more regulatory provisions. Such waivers are limited to those regulatory standards that are not specifically included in law (complete Appendix G- 12).
- 14. Our district has chosen to pay for breaks in activity for low income families (non public assistance families, complete Appendix G-12).
- 15. Our district has chosen to use local equivalent forms such as, but not limited to, child care application, client notification and/or legally exempt enrollment forms (attach copies of the local equivalent forms your district uses).

Any previous approvals for local equivalent forms will not be carried forward into this county plan. Therefore, any local equivalent forms a district wishes to establish or renew must be included in this plan and will be subject to review and approval by OCFS.

APPENDIX G-8
ADDITIONAL LOCAL STANDARDS FOR CHILD CARE PROVIDERS

The district may propose local standards in addition to the State standards for providers who will receive child care subsidies.

1. Described below are the additional local standards that will be required of providers as well as which providers must comply with each additional standard.

All legally exempt family child care providers that care for child(ren) receiving subsidized child care services will receive a quality home visit at least once a year. These visits will be conducted after each subsidized child has been in the care of a legally exempt family child care provider for one month and again when the family is recertified for child care subsidies. All legally exempt family child care providers must participate in the quality home visit. Failure to participate may lead to termination of enrollment.

The Day Care Council conducts home visits for all of its providers. Given that OCFS requires home visits for 20% the remaining home visits fulfill the requirements of home visits for the In-Home Quality Improvement Program with no duplications for the OCFS contract.

Providers of legally exempt child care and all household members 18 years of age and older will be asked to sign a release which will allow TCDSS to conduct a local welfare database check.

If a legally exempt provider or household member refuses to sign the release, which would allow the TCDSS to conduct local database checks, TCDSS will inform the parent/caretaker of the refusal so that they can consider the refusal when they make a decision to select the provider. In this situation, parents will be reminded of their right to choose another provider and will be given information about how to locate other providers.

When a local database check reveals that a legally exempt provider and/or household member(s) age 18 years of age and older are an indicated subject of a child abuse or maltreatment report the proposed provider will be required to submit to the TCDSS a written statement providing information concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report does not correlate with the information obtained from the local database check our Department will notify the provider that they have five calendar days to clarify the

discrepancies in the information submitted to TCDSS and parent/caretaker. Within that five calendar day period the provider must submit information to our Department and the parent/caretaker that either correlates with the information obtained by the Department's local database check or the provider submits information obtained by our Department which documents that the information obtained from the local database check is inaccurate. If the provider fails to clarify the discrepancies the district will notify the Day Care Council that the additional standard has not been met.

If the information regarding the indicated child protective report correlates with the information obtained from the local database check and there are no other health or safety concerns and the parent/caretaker still chooses to use the provider, the Day Care Council will be notified that the additional standard has been met. In some cases, our district will need to inform the parent that the parent's decision to place their child in the care of this provider would place their child at risk. As mandated reporters, the district is obligated to make a report of suspected child abuse or maltreatment if placing the child in the care of a provider would place the child in imminent danger of impairment and the parent/caretaker nevertheless places the child in the provider's care, parents will be informed of their right to choose an alternative provider and be given information about how to locate other providers.

2. Described below are the methods and resources that will be utilized to determine that these additional local standards are being met.

Tompkins County Department of Social Services has contracted with the Day Care Council of Tompkins County to conduct the quality home visits. Early Childhood Consultants (ECC) will be responsible for conducting and documenting the quality visits.

As the Day Care Council serves as the agency that serves as both the ECC and the legally exempt enrollment agency they will maintain separate records and documentation related to these two functions and procedures outlined below.

The purpose of the quality home visits is to check the appropriateness of the child care setting for the child, quality of the care and to make the provider aware of available resources such as various types of training and the possibility of an enhanced market rate. Should the ECC note a violation during the quality visit they will notify the legally exempt child care provider that they will make a complaint to the legally exempt caregiver enrollment agency.

ECC will obtain a list of legally exempt family child care providers from Tompkins County's legally exempt caregiver enrollment agency. This list will contain the start date of care for each subsidized child.

ECC will contact the legally exempt family child care provider to make an appointment for the quality home visit. If ECC goes to the provider at the scheduled time and the provider is not at the child care setting, ECC will document this and contact the legally exempt family child care provider to reschedule another quality visit. If the legally exempt family provider is not at the child care setting at the second attempt ECC will make a complaint with the legally exempt caregiver enrollment agency.

All visits will be documented. The documentation will include but is not limited to assessment of the appropriateness of the child care setting for the child, the quality of the care and a list of the resource information provided and the names of the children observed during the visit (CCRR may wish to develop some type of form to document visit).

With regard to checks on legally exempt providers, TCDSS is regular contact with the Day Care Council to review providers and has formal meetings as needed. DCC obtains releases at enrollment for database and registry checks by TCDSS.

Providers of legally exempt child care and all household members 18 years of age and older will be asked to sign a release which will allow TCDSS to conduct a local welfare database check.

If a legally exempt provider or household member refuses to sign the release, which would allow TCDSS to conduct local database checks, the Department will inform the parent/caretaker of the refusal so that they can consider the refusal when they make a decision to select the provider. In this situation, parents will be reminded of their right to choose another provider and will be given information about how to locate other providers.

When a local database check reveals that a legally exempt provider and/or household member(s) age 18 years of age and older are an indicated subject of a child abuse or maltreatment report the proposed provider will be required to submit to TCDSS a written statement providing information concerning the indicated incident(s). This statement must be signed by the parent/caretaker acknowledging receipt of this information and the parent/caretaker's wish to use this child care provider.

If the information regarding the indicated child protective report does not correlate with the information obtained from the local database check our Department will notify the provider that they have five calendar days to clarify the discrepancies in the information submitted to TCDSS and parent/caretaker. Within that five calendar day period the provider must submit information to our Department and the parent/caretaker that either correlates with the information obtained by the Department's local database check or the provider submits information obtained by our Department

which documents that the information obtained from the local database check is inaccurate. If the provider fails to clarify the discrepancies the district will notify the Day Care Council that the additional standard has not been met.

If the information regarding the indicated child protective report correlates with the information obtained from the local database check and there are no other health or safety concerns and the parent/caretaker still chooses to use the provider, the Day Care Council will be notified that the additional standard has been met. In some cases, our district will need to inform the parent that the parent's decision to place their child in the care of this provider would place their child at risk. As mandated reporters, the district is obligated to make a report of suspected child abuse or maltreatment if placing the child in the care of a provider would place the child in imminent danger of impairment and the parent/caretaker nevertheless places the child in the provider's care, parents will be informed of their right to choose an alternative provider and be given information about how to locate other providers.

3. Described below are the procedures the district will use to notify the Legally Exempt Caregiver Enrollment Agency as to whether or not the legally exempt provider is in compliance with the additional local standards. (Districts only need to describe this procedure if the additional local standard is applied to legally exempt child care providers.)

TCDSS has regular phone contact (almost daily) with the Day Care Council to review providers and provides formal written notification regarding provider compliance.

The district will notify the enrollment agency in writing or email as to whether or not the additional standards have been met. The district will maintain a file, which will document the information used to determine if the standard has been met or not.

The district will be notify, in writing, the legally exempt caregiver enrollment agency if a provider refused to participate in the quality home visit or missed two scheduled quality home visits.

4. Described below is the justification for each additional standard.

To ensure that the child is in an appropriate child care setting and the provider is aware of all resource available to them so that they may provide the best possible care.

The standards for checks for legally exempt providers are to insure information that could affect the safety of the children in legally exempt childcare settings is shared. The TCDSS wants to make sure that providers have told parents about known child protective histories. In rare situations, providers are deemed unsafe to be around any children by the Children Services Units due to a serious child abuse history and the Department wants to make sure parents have a chance to make educated decisions about using providers.

**APPENDIX G-9
PAYMENT TO CHILD CARE PROVIDERS FOR ABSENCES**

The following providers are eligible for payment for absences:
(Check any that are eligible)

- Day Care Center Legally Exempt Group
 Group Family Day Care School Age Child Care
 Family Day Care

Our district will only pay for absences to providers with which the district has a contract or letter of intent. Yes No

Base period selected (check one) 3 months 6 months

Number of absences allowed during base period:

Period	Routine Limits (# of days)	Extenuating Circumstances (# of days)	Total Number of Absences Allowed (# of days)
In a month	12	3	15
Base period	12	8	20

List reasons for absences for which the district will allow payment:

- 1) The child care provider is open and available and the child is scheduled to attend.**
- 2) The agency will also reimburse licensed and registered providers for up to 5 national holidays when the provider is closed for business.**

List any limitations on the above providers' eligibility for payment for absences:

Note: Legally exempt family child care and in-home child care providers are **not** eligible to receive payment for absences.

APPENDIX G-11
TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, SLEEP

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

Our district does not pay for transportation.

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to **15 %** above market rate.

Care during non-traditional hours may be paid up to **15%** above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Sleep

The following describes the standards that will be used in evaluating whether or not to pay for child care services while a parent or caretaker that works a second or third shift sleeps and any limitations pertaining to payment:

Up to six hours at the discretion of the local district.

Indicate the number of hours allowed by your district (maximum number of hours allowed is eight). **6**

**APPENDIX G-12
CHILD CARE EXCEEDING 24 HOURS, CHILD CARE SERVICES UNIT,
WAIVERS, BREAKS IN ACTIVITIES**

Child Care Exceeding 24 Hours

Child care services may exceed 24 consecutive hours when such services are provided on a short-term emergency basis or in other cases where the caretaker's approved activity necessitates care for 24 hours on a limited basis.

Describe any limitations for payment of child care services that exceed 24 consecutive hours.

Child Care Services Unit

The Child Care Service Unit is the basis upon which a district will determine which household and/or family members should be counted in determining family size and countable family income.

Our district will include the following in the Child Care Services Unit (check which ones apply).

18 year old 19 year old 20 year old

-OR-

Our district will include only the following in the Child Care Services Unit when it will benefit the family (check which ones apply).

18 year old 19 year old 20 year old

Describe the criteria your district will use to determine whether or not an 18, 19 or 20 year old is included in the Child Care Services Unit.

Waivers

Districts have the authority to request a waiver of any regulatory provision that is non-statutory. Describe and justify why your district is requesting a waiver.

Breaks in Activities

Districts may pay for child care services for low income families during breaks in activities for a period not to exceed two weeks or for a period not to exceed one month where child care arrangements would otherwise be lost and the subsequent activity is expected to begin within that period (check one).

two weeks four weeks

Districts may provide child care services while the caretaker is waiting to enter an approved activity or employment or on a break between approved activities. The following low income families are eligible for child care services during a break in activities (check any that are eligible):

entering an activity waiting to begin employment break between activities
