## APPENDIX M

### Reasonable Distance, Very Low Income, Family Share, Case Closing and Openings, Recertification Period, Fraud and Abuse Control Activities (Required)

---

#### Reasonable Distance

Define “reasonable distance” based on community standards for determining accessible child care.

The following defines “reasonable distance”: In time 1hr if using private transportation and 1 1/2 if using public transportation

Describe any steps/consultations made to arrive at your definition: The rural nature of Warren County was considered along with the DOL's definition of reasonable distance.

#### Very Low Income

Define “very low income” as it is used in determining priorities for child care benefits.

“Very Low Income” is defined as 135% of the State Income Standard.

#### Family Share

“Family share” is the weekly amount paid towards the costs of the child care services by the child’s parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The weekly family share of child care costs is calculated by applying the family share percentage against the amount of the family’s annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by the county 25%.

**Note:** The percentage selected here must match the percentage selected in Title XX Program Matrix in WMS.

#### Case Closings

The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Describe below how districts will select cases to be closed in the event that there are insufficient or no funds available.

1. Identification of local priorities in addition to the required federal priorities (select one).

- The district has identified local priorities in addition to the required federal priorities (Complete Section 2)
- The district has not identified local priorities in addition to the required federal priorities (Complete Section 3).

2. Describe how priority is given to federally mandated priorities and describe local priorities. Very low income     Rank 1     Rank 2

Families that have a child with special needs     Rank 1     Rank 2

**3.** If all NYSCCBG funds are committed, case closings for families that are not eligible under a child care guarantee and are not a federally mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time the family has received child care services, but must be consistent for all families.

- a. Identify how the district will prioritize federal priorities. Cases that are ranked 1 will be closed last.

Very low income     Rank 1     Rank 2

### **Fraud and Abuse Control Activities**

Describe below the criteria the district will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment in addition to procedures for referring such applications to the district's front-end detection system.

AS the child care applications are submitted to us we will process them regarding their eligibility for day care services. Some cases may present a higher than acceptable risk for fraudulent or erroneous payments. these cases will be identified by the following indicators and if one or more of these indicators are present in a case, the case will be referred to our Front End Detection System in the DSS Fraud Unit:

1. Workingoff the books
- 2 Curren tapplication is inconsistent with prior case information

3 Applicant has prior history of denial, case closing or overpayment resulting from an investigation

4 No absent parent information or information is consistent with application

5 Documentation to verify is suspect

6 Applicant is self employed but can not provide adequate business records to support financial assertions

7 PO Box used as a mailing address without reasonable explanation

Describe the sampling methodology used to determine which cases will require verification of an applicant's or recipient's continued need for child care, including, as applicable, verification of participation in employment, education, or other required activities.

We have 279 active cases as of 9/8/11. Thus we take a random sample of 100 cases to verify the recipients continued need for child care and, as applicable, verification of employment, education or other required activities. The two day care examiners will pull a random sample of 4 cases per worker each month for 2012 and verify continued need for day care. If continued need cannot be verified then we will refer to our Fraud Unit.

Describe the sampling methodology used to determine which providers of subsidized child care services will be reviewed for the purpose of comparing the child care provider's attendance forms for children receiving subsidized child care services with any Child and Adult Care Food Program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

The Southern Adirondack child Care Network will send us their monitoring format the end of each month for the day care providers for whom they completed a child and adult food program inspection. We will compare these forms withour billing form for the providers that area subsidized by the Department. We will review these forms each month of 2012. and project completeing reviews for at least 35 CACFP providers. If we find discrepancies between these two forms regarding attendance dates and billing dates we will then refer to our fraud unit.
