APPENDIX G-3

III. Reasonable Distance, Very Low Income, Family Share, Case Closings and Openings, and Fraud and Abuse Control Activities (Required Section)

Reasonable Distance

Your district is required to define reasonable distance based on community standards for determining accessible child care.

The following defines "reasonable distance": **1 mile walking or 20 minutes driving**

Describe any steps/consultations made to arrive at your definition: **There was an informal meeting on 1/16/04 with Commissioner of Social Services, Income Maintenance Director, Accounting Supervisor and Deputy Commissioner. This decision was agreed upon after considering the rural neighborhood of Yates County and the lack of public transportation.**

Very Low Income

Very Low Income is defined by each district and is used in determining priorities for child care benefits.

Very Low Income is defined as **150%** of the State Income Standard.

Family Share

Family share is the weekly amount paid towards the costs of the child care services by the child's parent or caretaker. In establishing family share, your district must select a percentage from 10% to 35% to use in calculating the family share. The family share of child care is calculated by applying the family share percentage against the amount of the family's annual gross income that is in excess of the State Income Standard divided by 52.

Family Share Percentage selected by our district **35%**.

Note: Make sure the % selected here matches the % selected in Appendix F.

Case Closings (select one or two)

1. The district must describe below how priority is given to federally mandated priorities and describe local priorities. If all NYSCCBG funds are committed, the district will discontinue funding to those families that have lower priorities in order to serve families with higher priorities. Described below is how the district will select cases to be closed in the event that there are insufficient or no funds available.

Yates County will close optional cases first. Next, families with income levels at 200-175% of State Standard, and then families at 150%-100% of State Standard will be closed. Families with children with special needs will be closed last.

2. The district has not established priorities beyond the federally-mandated priorities. If all NYSCCBG funds are committed, case closings for families which are not eligible under a child care guarantee and are not a federally-mandated priority must be based on the length of time in receipt of services. The length of time used to close cases may be based either on the shortest or longest time receiving child care services but must be consistent for all families. The district has chosen to close cases based on:

- shortest time receiving child care services
- longest time receiving child care services

Case Openings

The district must describe below how priority is given to federally mandated priorities and how the district will select cases to be opened in the event that there are insufficient funds available.

Families will be put on a waiting list and will be opened on a first come first served basis within each category, starting with the families with children who have special needs first, followed by lowest income category (100%-150% of State Standard), then 150%-175%, then 175%-200%. The Day Care budget will be reviewed continuously to encourage families to re-enroll as funds become available. The District will maintain a list of those families and as identified funds become available will contract families to encourage the re-apply.

Fraud and Abuse Control Activities

The district must identify below the criteria it will use to determine which child care subsidy applications suggest a higher than acceptable risk for fraudulent or erroneous child care subsidy payment and procedures for referring such applications to the district's front end detection system.

Yates will incorporate the following criteria as the basis for Front End Detection referrals:

- **P.O. Box used as a mailing address w/o cause**
- **Documentation to verify identity is suspect**
- **Documentation or info ration provided is inconsistent with application**
- **Previous case closing or overpayment resulting from a investigation**
- **Application inconsistent with prior case**
- **No absent parent information or information inconsistent with application**

The FEDS referral process is initiated by the day care eligibility worker who believes that any of the above criteria are under suspicion, and makes a written referral to the FEDS/fraud Coordinator (unit supervisor) who in turn logs the referral and gives it to the Investigator (County Sheriff Inv.).

The district must describe below its sampling methodology used to determine which cases it will seek verification of an applicant or recipient's continued need for child care including, as applicable, verification of participation in employment, education or other required activities.

The District authorizes child care cases for a 6 month period. As each case comes up for renewal, the case will automatically go through our eligibility re-determination process, including documentation and verification. Any issues that are in question will be reviewed for possible frauds referral activities.

The district must describe below its sampling methodology used to determine which child care providers of subsidized child care services they will review for the purpose of comparing the child care providers attendance forms for children receiving subsidized child care services and any child and adult care food program inspection forms to verify that child care was actually provided on the days listed on the attendance forms.

Each of the joint child care/food program providers will be sampled once every six months to compare time sheets between the Child Care Subsidy programs and the Food Program inspection time sheets to determine whether there are time reporting inconsistencies. A minimum of 19 providers' records will be reviewed.

APPENDIX G-4

TRANSPORTATION, DIFFERENTIAL PAYMENT RATES, ENHANCED MARKET RATES
FOR LEGALLY EXEMPT, SLEEP**

Transportation

Describe below under what circumstances and limitations if any your district will use to reimburse for transportation, what type of transportation will be reimbursed (public vs. private), and how much your district will pay (per mile or trip). Note if paying for transportation, Appendix F will need to reflect this choice.

Differential Payment Rates

Indicate below the percentage above the market rate your district has chosen.

Accredited Programs may receive a differential payment up to _____ % above market rate.

Care during non-traditional hours may be paid up to _____ % above market rate.

Limitations to the above differentials are as follows:

Payments may not exceed 15% above market rate. However, if your district wishes to establish a payment rate that is in excess of 15% above the applicable market rate must describe below why the 15% maximum is insufficient to provide access within the district to accredited programs and/or care provided during non-traditional hours.

Enhanced Market Rate For Legally-Exempt Family and In-Home Child Care Providers

If a district elects to establish a payment rate that is in excess of the enhanced market rate for legally- exempt family and in-home child care providers who have annually completed 10 or more hours of training and the training has been verified by the legally-exempt care giver enrollment agency. The district must state the percentage above the market rate it proposes to use.

Our district is requesting to increase the legally-exempt enhanced market rate up to 75 percent of the applicable registered family day care market rate. Market rate may not exceed 75 percent (75%) of the child care market rates established for registered family day care.

A district that selects the option to increase the legally-exempt enhanced market rate must select one of the options listed below for implementation of the legally-exempt enhanced market rate:

for all legally-exempt family and in-home child care providers that have been approved by the applicable legally-exempt caregiver enrollment agency; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, but only for the remainder of their current one-year enrollment period; or

for those legally-exempt family and in-home child care providers who were receiving the enhanced rate on the date of the regulations, for the remainder of the time they remain enrolled and continue to meet the ten-hour annual training requirement.

18 year old 19 year old 20 year old
