Commissioner

October 26, 2021

Dear Chief Executive Officer,

Thank you for submitting Cattaraugus County's Supervision and Treatment Services for Juveniles Program (STSJP) plan for Program Year (PY) 2021-2022. Your entire STSJP plan, including any amounts listed for PY 2021-2022 STSJP-RTA, has been **approved.**

The County is eligible to receive 62% State reimbursement for STSJP expenditures up to the capped STSJP allocation amount. Your municipality will continue to receive 49% State reimbursement for eligible detention services expenditures up to the capped allocation amount. If your municipality shifts a portion of its detention allocation into its STSJP plan, your municipality will receive 62% State reimbursement, up to the capped allocation, if such shifted funds are spent on STSJP eligible expenditures. A municipality may make a detention allocation shift at the time of the STSJP plan submission or up until June 30, 2022, unless otherwise approved by the Office of Children and Family Services.

If the County plans to shift its detention allocation for STSJP eligible expenses, please submit a request on official letterhead to Lynn Tubbs and email it to stsjp@ocfs.ny.gov outlining

1. the amount that will be shifted and
2. the type of programming or services the re-purposed detention funds will be used for under STSJP

Once the shift is approved, an amended STSJP plan will need to be submitted.

As a reminder, to access RTA reimbursement that a municipality may be eligible for, the expenditures must be specifically included in a locality's comprehensive RTA plan.

All STSJP claims, inclusive of STSJP-RTA, must be submitted electronically via the Juvenile Detention Automated System (JDAS) for the service period of October 1, 2021 to September 30, 2022. Questions on all aspects of the claiming process should be directed to the STSJP mailbox at stsjp@ocfs.ny.gov with the subject line: "STSJP Claiming Questions".

If you have any STSJP plan questions, please also email us at stsjp@ocfs.ny.gov and write "STSJP Plan Questions" in the subject line or reach out to Geneva Hilliard at (518) 486-1819 or Lynn Tubbs at (518) 473-9116.

Thank you for your continued partnership as we reform the juvenile justice practices in New York State by safely engaging youth and their families through innovative programming to reduce out of home placement and detention of youth.

Sincerely,

PART I – MUNICIPALITY LEVEL DETAILS

A. MUNICIPALITY LEVEL ANALYSIS

- (a) Identify the communities or neighborhoods (ZIP codes) from which the highest number of Youthful Offenders (YO), Adolescent Offenders (AO), Juvenile Offenders (JO), Juvenile Delinquents (JD), and Persons in Need of Supervision (PINS), enter the youth justice system, are remanded to detention, and/or are residentially placed; and (b) Discuss what factors may be contributing to these high numbers:

Youth placed in detention in 2020-2021 were from 14753, 14042, 14760, 14779 and 14729.

Youth placed in residential in 2020-2021 were from 14042, 14065, and 14753.

MST served youth and families from the following zip codes this past year: 14760, 14706, 14753 and 14070.

We have seen an increase in inappropriate sexualized behaviors amongst both male and females. We noted each youth placed in detention or residential were lacking an active father in the home.

- Resources available at the following link can help you answer these questions:

<https://www.ocfs.ny.gov/programs/youth/stsjp/planning.php>

(a) In the charts below, please provide the municipality's distributions by race, ethnicity, and sex assigned at birth for the general population of youth younger than 18, and for the detained and placed population of youth younger than 18. (**Note:** Every July, the National Center for Health Statistics releases population data for the previous year. The population data you are being asked to report on was the latest available at the time OCFS updated the contents of this plan.)

Race/Ethnicity	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Black/African American	587	4	4	27	1	12.5
White	14,376	86	10	67	7	87.5
Native American/Alaskan	860	5				
Asian/Pacific Islander	206	1				
Hispanic	607	4	1	7		

Sex Assigned at Birth	2019 General Population <18 years		2020 Detention Admissions <18 years		2020 Placement Admissions <18 years	
	#	%	#	%	#	%
Male	8,498	51	11	73	6	75
Female	8,138	49	4	27	2	25

b) If you identified any disparities when comparing youths' representation in the general population and their representation in detention and placement, explain how this plan will address those disparities. If you did not identify any disparities, please note such.

Data review reflected little to no racial disparity however did show a higher placement of males than females.

B. LOCAL COLLABORATION

1. Legislation requires local collaboration. Please describe your municipality's activities in developing this year's STSJ plan in collaboration with local agencies responsible for probation, law enforcement, detention, diversion, social services, courts, service providers, schools, and youth development programs:

Our county has a FOCUS team made up of community partners; Community Services (Mental Health), Probation, Law Enforcement, Youth Bureau, MST, Connecting Communities in Action, SPOA, CARES (drug/alcohol), School literacy program and DSS. Each week at risk youth are discussed to assess needs, strengths and a plan for engagement. To prepare the plan we engaged with our provider(MST), Probation, Youth Bureau and other service providers.

2. How is your municipality gathering participant youth and family feedback as part of your STSJ plan development?

MST gathers feedback once a month with active families participating in the program. MST uses a Therapist Adherence Measure to ask families a series of questions to assess how their therapist is doing and to measure against the analytical process used in treatment planning. MST also gathers follow up feedback from families that have closed at 6 months and at 1 year. Questions asked in this survey are around if the child is still in the home, participating in school/work, has had any violations within the time period, and if they are involved in pro-social activities. MST also gains further information from family if they report negative outcomes.

As a district we have not gathered youth and family feedback apart from MST.

Describe how the plan incorporates that feedback; if you have not yet received youth and family feedback, please describe the municipality implementation plan to develop such feedback mechanisms during PY 2021-2022. MST uses the feedback to help increase therapist skills using the evidenced based model in treatment and getting the family to a sustainable place. MST uses feedback from closed families cases to assess what may have not have worked and what pieces overall werent sustainable for the family to help change how MST may interact with new cases in the future.

We will be developing a qualitative survey that will be provided to families at the onset and conclusion of MST services. The department will utilize the survey data to assess the youth/family input, usefulness and impactfulness each month during supervision with MST.

3. Was community feedback in high-need ZIP codes (A.1.) sought as part of the STSJP plan development?

Yes No

If yes, please describe how the plan incorporates that feedback; if no, please describe the municipality implementation plan to develop such feedback mechanism during PY 2021-2022.

Focus team member CCA distributes community needs assessments annually across the entire county. We will meet on an annual basis to discuss the results of the needs assessment and then plan to begin addressing the identified needs.

C. COOPERATIVE APPLICATION (COMPLETE THIS SECTION ONLY IF THIS IS A JOINT APPLICATION.)

1. Describe the provisions for the proportionate cost to be borne by each county.

2. Describe how personnel will be compensated across and between counties in the cooperative:

3. Will a single fiscal officer be the custodian of the funds made available for STSJP?

Yes (If Yes, please provide their contact details below.)

No (If No, skip to Q4.)

Officer's Name:	Title:
Phone: ()	Ext:
	Email:

4. Provide the name and email address of the person who will be responsible for collecting and submitting STSJP data for joint-funded programs, as well as the names and email addresses of the fiscal officers responsible for joint-funded programs:

Multisystemic Therapy is an evidenced based service designed to divert at risk youth with severe behaviors at home, school, and/or community from further penetration into the juvenile justice system. MST strives to promote behavior change within the youths natural environment, using the strengths of each system (e.g. family, school, peers, etc) to facilitate change.
