

Report Identification Number: NY-22-012

Prepared by: New York State Office of Children & Family Services

Issue Date: Jul 26, 2022

This report, prepared pursuant to section 20(5) of the Social Services Law (SSL), concerns:

- A report made to the New York Statewide Central Register of Child Abuse and Maltreatment (SCR) involving the death of a child.
- The death of a child for whom child protective services has an open case.
- The death of a child whose care and custody or custody and guardianship has been transferred to an authorized agency.
- The death of a child for whom the local department of social services has an open preventive service case.

The Office of Children and Family Services (OCFS) is mandated by section 20 of the SSL to investigate or cause for the investigation of the cause and circumstances surrounding the death, review such investigation, and prepare and issue a fatality report in regard to the categories of deaths noted above involving a child, except where a local or regional fatality review team issues a report, as authorized by law.

Such report must include: the cause of death; the identification of child protective or other services provided or actions taken regard to such child and child’s family; any extraordinary or pertinent information concerning the circumstances of the child’s death; whether the child or the child’s family received assistance, care or services from the social services district prior to the child’s death; any action or further investigation undertaken by OCFS or the social services district since the child’s death; and as appropriate, recommendations for local or state administrative or policy changes.

This report contains no information that would identify the deceased child, his or her siblings, the parent, parents, or other persons legally responsible for the child, and any members of the deceased child’s household.

By statute, this report will be forwarded to the social services district, chief county executive officer, chairperson of the local legislative body of the county where the child died and the social services district that had legal custody of the child, if different. Notice of the issuance of this report will be sent to the Speaker of the Assembly and the Temporary President of the Senate of the State of New York.

This report may **only** be disclosed to the public by OCFS pursuant to section 20(5) of the SSL. **It may be released by OCFS only after OCFS has determined that such disclosure is not contrary to the best interests of the deceased child’s siblings or other children in the household.**

OCFS’ review included an examination of actions taken by individual caseworkers and supervisors within the social services district and agencies under contract with the social services district. The observations and recommendations contained in this report reflect OCFS’ assessment and the performance of these agencies.

Case Information

Report Type: Child Deceased
Age: 20 year(s)

Jurisdiction: Kings
Gender: Female

Date of Death: 03/02/2022
Initial Date OCFS Notified: 03/07/2022

Presenting Information

Kings County DSS notified OCFS on 3/2/2022 with the 7065 Agency Reporting Form after learning of the death of the 20-year old subject child (SC). The 20-year-old subject child was found unresponsive in a hotel room by a friend. The friend called the front desk of the hotel and the hotel staff called 911. The subject child was pronounced dead at the scene from an apparent drug overdose. The subject child had been in foster care since 6/28/2018.

Executive Summary

This report concerns the death of a 20-year-old child who was in foster care at the time of her death. On 3/2/2022, the child’s foster care agency was notified by the subject child’s adult sibling that her body had been found by a friend in a hotel in Brooklyn at approximately 7:15 AM. The subject child was placed residentially in a group home and was absent without leave from placement at the time of her death. The subject child was considered absent without leave on 3/1/2022, after not returning from school.

The subject child’s foster care agency spoke with the friend who found the subject child unresponsive. The friend stated he had been with the subject child on 3/1/2022 and she had several bags of what he believed to be cocaine in her possession. He left for the night and believed the subject child was asleep when he left. The friend returned the next morning and found the subject child unresponsive in the hotel bed. He called hotel staff, the hotel staff called 911, and EMS arrived to the hotel and pronounced the subject child deceased.

The subject child had a history of leaving placement without permission, drug misuse, and mental health concerns. At the time of her death, the subject child’s foster care agency was attempting to obtain a court order to have the subject child hospitalized to address these concerns. The case record noted the subject child died of a heroin overdose, though it does not state where that information came from or who declared the cause of death. Bereavement services and financial assistance for the funeral were offered to the family and declined. The foster care case remained open at the time this report was written.

LDSS Response

On 3/2/2022, the SC's foster care agency was informed by the adult sibling (AS) the 20-year-old SC had passed away in a hotel at approximately 7:15 AM that morning due to a drug overdose. The AS knew very few details of the SC's death and stated that a friend of the SC found her and provided his contact information to the foster care agency. OCFS was informed of the child's death through an OCFS Agency Reporting Form.

The friend of the SC was contacted and disclosed the SC had several bags of cocaine with her at the hotel. The friend was with the SC on 3/1/2022 and had stepped out of the room to smoke a cigarette. The friend stated the SC told him she was tired prior to him leaving the room. When the friend returned to the room a few minutes later, the SC appeared asleep and did not respond when he attempted to say goodbye to her. The friend left the hotel and returned the following morning and found the SC in the bed and unresponsive. He called the front desk of the hotel, and the hotel staff called 911.

The family was offered services in relation to the SC's death by the foster care agency. The services included bereavement counseling and funeral assistance. The services were declined.

A note entered into the case record stated the SC died due to a heroin overdose; however, there is no documentation as to where that information was obtained. The case remained open at the time this report was written.
